

LOCKER PLANT CHANGES HANDS

Reily Named Red Cross Chairman

The Hondo chapter of the American Red Cross elected officers Monday afternoon, naming Paul Reily chairman. Arthur Dale was elected as the vice-chairman, Mrs. Earl Boon was named secretary and S. O. Woolls was picked for treasurer. The executive committee is composed of Reverend M. J. Lorfing, Mrs. R. J. Zerr, Bruno Schweers, Mrs. L. Morris and Mrs. L. J. Brucks.

Other chairmen appointed but not yet officially notified are Mrs. N. C. Johnson, Alamo camp and hospital council; Mrs. Nell Richter, nutrition; William E. Berger, publicity; Rudy Rath, disaster; Bill Windrow, home service; Mrs. Ben Oefinger, volunteer special service; Mrs. Lydia Schweers, junior Red Cross; W. I. McCray, first aid; W. T. Mills, Red Cross fund drive and Mrs. Leora Eggen, home nursing.

More Donations Needed For Relief

Apparently stalled a little past the half way mark, the Medina county emergency food collection drive reports \$732.15 yet to go in the attempt to raise \$2000.00 for world relief.

Total collections to date are about \$1267.85. There has been some talk of closing the campaign and sending the collections on for use in the efforts to end starvation. However, it is still on now, and the committee has expressed the hope that Medina county will not turn its back on the world's war-torn unfortunates.

Just a few more large contributions would put the fund over the top, it was stated yesterday.

Fusselman Announces

In this issue of the paper we are authorized to announce the candidacy of Mr. Jack M. Fusselman for sheriff. We publish a statement from Mr. Fusselman in this regard:

"I hereby respectfully announce myself as a candidate for re-election to the office of sheriff of Medina County, Texas, at the General 1948 election. I also wish to thank the voters of Medina County for the confidence reposed in me in the past, and I assure one and all that your support and help in this election will be greatly appreciated by me. If re-elected as your sheriff I pledge myself to give prompt, efficient and honorable service, to the very best of my ability."

FFA Launches New Duroc Breeding Plan

A. G. Wendland and Meryle Wiemers received the first two registered Duroc gilts Tuesday afternoon in the new Hondo FFA registered hog breeding program. Under this new plan, the Future Farmers of America chapter buys the original gilts and issues them to members for breeding. At the proper time, these gilts will be bred to registered males and one gilt is returned to the chapter from the first litter. The boy receiving the original gilt gets full ownership of his registered sow at the time the gilt is returned.

The elements that make our bodies strong come from the soil; to stay healthy we must keep our soil healthy.

Hondo Chamber Orders National Advertising

The Hondo chamber of commerce has ordered a full page advertisement in the July issue of the Manufacturers Record, a magazine circulated nationally among manufacturing executives. Further action relative to advertising will depend upon the results obtained from this ad, according to the minutes released by the board of directors. The directors also voted to take action on car stickers and pamphlets.

Hondo "Lead Mine" Closes After Ten Tons Production

Hondo's lead mine, the firing range at the Army Air Field, closed down this week after the excavation and reclamation of ten tons of pure lead. Valued at between \$150 and \$200 per ton, the project was under the supervision of a contractor named Franks from Del Rio. It was reported that he has another contract at Kelly Field. Some locations have yielded as much as fifty or sixty tons.

The lead is recovered by digging up the dirt in which the bullets are buried, sifting it, and melting the mass of metal. The cupro-nickel or steel jackets are removed from the molten lead by a powerful magnet, and then the lead is cast in pigs.

While he was in Hondo, Mr. Franks had a reclamation machine built to order at a local welding and machine shop, thus making the next job much easier.

Don't let anyone hear you bragging about how many farms you have worn out.

A. C. Gilliam Buys Controlling Interest In \$100,000 Business

One of Hondo's largest business enterprises changed hands Wednesday when A. C. Gilliam purchased the major controlling interest in the Hondo Locker Plant. Valued at more than \$100,000.00, the business had been started by M. M. McQuatters just this year, opening March 1 following nine months of construction work.

Mr. McQuatters will assist Lacy Gilliam in the management of the

Locker Plant, and continue his dairy operations in the same building until a new dairy can be constructed. McQuatters retains a minority interest in the locker system and has full control of his dairy.

Expansion Plans Announced

Lacy Gilliam said yesterday morning that the commercial meat production would be expanded and increased in the future, and more help will be needed. The curing plant will be enlarged and more box spaces for individual customers will be installed. Cattle, hogs and chickens are delivered to the rear of the plant alive, and they are killed, cleaned and cut into pieces for storage according to the patron's orders. A butcher is in charge of the cutting room, and he cuts up the steaks in any thickness ordered, and in the style desired. Tagged to prevent misplacing, the meat is then put in the quick freeze room and transferred to the customer's locker for permanent storage.

Stores Fish and Pineapple

Mrs. S. W. Chapman is a typical user of the locker service at present, and when interviewed yesterday said that she had been using a space since the plant opened. At present she has fresh frozen fish caught at Devils River two and a half months ago, fresh pineapple which she cleaned and cut up herself, string beans and some beef in storage. She makes one trip a week to the plant to get a supply of frozen foods, placing perishables in the freezing compartments of her refrigerator until they are used. Mrs. Chapman said that she liked the pineapple prepared this way, and believed that it was less expensive than the canned variety.

Fruits and vegetables are prepared at home, placed in cardboard containers and then brought to the freezing rooms.

Pasteurizing of Dairy Products

All cream and milk sold by the dairy is pasteurized, and many customers have been bringing sweet cream to be churned into butter and then stored. Mrs. McQuatters is in charge of the dairy machinery.

Mrs. Mary I. Garber is the office manager, and handles the bookkeeping for the firm. She said yesterday that all but a few of the 540 locker spaces were already rented and in use.

Texas Locker Plants Expanding

There are now 403 frozen food locker plants in operation in Texas compared with 268 eleven months ago, an increase of 33 per cent in less than a year. A large number of these systems have been installing their own killing plants.

State Receiving Bids On Devine Road Next Month

Judge Arthur Rothe is in receipt of a letter from the state highway department stating that the basing and surfacing of Highway 173 between Hondo and Devine is to be included in the July letting by the State Highway Commission.

Also, final plans on the 8.4 miles of Yancey road are in the hands of the State Highway Department in Austin, with possible letting of that contract in the month of August.

Butter Price Goes Up Eleven Cents

A press release from the Office of Price Administration states that the price of creamery and country butter advanced eleven cents per pound at retail Monday in all classes of stores in this area. Clifton George, Jr., price executive of the San Antonio District Office of Price Administration also announced increases in the price of cheddar cheese and canned milk.

TARPLEY ROAD NEARS COUNTY LINE

Shown above are scenes from the highway construction on the Hondo-Tarpley road. Moving along at a rapid pace, the work is now about eighteen miles north of Hondo, and the black topping should be under way about the first of August.

The picture at the upper left shows the "jumping off place" where Bob DePue's ranch road used to enter the highway. A twelve foot cut has reduced the grade on a hill at this point, and the ranch road is being re-routed to enter the highway at the foot of the hill. 7700 cubic yards of surfacing material was provided by this excavation, and it has

been declared about the best road building material in the state.

The center top picture shows one of the giant shovels loading a dump truck from a pit right in front of P. C. Jagge's Barnes Bluff Ranch. These shovels can load a truck with the base material in a matter of seconds, dropping in two or three bites and filling the bed.

Shown at the upper right with his hand on the grader wheel is Roy Breiten of Hondo, who is spreading the material after it is dumped by the trucks.

At the lower right is W. B. Hancock of Hondo, who is washing down

some of the dust with a drink from his desert-type water bag, which he carries on his motor grader.

The man in the truck as Joe Mueller of D'Hanis, who is getting his delivery ticket from George H. Kimme of Hondo, the Medina county checker. Glen McWilliams, Hondo, to the rear of the picture, is the gravel spotter. He is also a county employee.

This picture story is typical of the scenes to be enacted all over the county as the \$800,000 road bond issue gets under way. With a total of 215 miles to be covered, it will place 95% of the farms and ranches in

Medina County within four miles of paved highway.

The county is very fortunate in having base material of good quality in ample quantity all over the region. Contractors say that any haul of less than five miles is considered economical, while Medina county has enough gravel pits to make the average haul only two miles.

The mileage to be bid upon for basing June 29 will include roads in every precinct of the county. The first blacktopping, to start around August 1, will cover about 45 miles in about that many days.

Something a little different is being tried this week in the arrangement of The Anvil Herald.

An adjustment has been made on the linotype machine which gives more space between lines. This would make the paper a little bit easier to read.

Another change is the use of white space between the columns instead of narrow ruled lines. We'd like to hear from our readers on this innovation. Do you like the paper better this way, or the way it was last week?

It's your newspaper, you know. We are the customers and we want to do all we can to make it easy for you to read. So if you would rather see the little lines between the columns, let us know.

Mrs. Cora Lacy was in The Anvil Herald office Saturday to renew her subscription, and commented that she had not missed a copy since 1934.

That's a long time to read one newspaper, and we wonder if Mrs. Lacy hasn't established the record for long time readership.

Caso March was in to see the editor Wednesday. He is one of the few Texans who would like to be governor, and tells us that Hondo is the 252nd Texas county seat he has personally visited since March 1934.

The mileage on his car since then has increased 50,000 miles. He has been speaking occasionally in different towns and financing his campaign by free will offerings. Caso is determined to win. He is 35, a lawyer, and was wounded on Okinawa, where he was in the "walking infantry."

We wonder what's become of Sallie Patterson. An international probate research man in Chicago has written The Anvil Herald asking for aid in locating relatives of "one Sallie Patterson" who is understood to have been married to Fred Heideman in your county about 1909.

Stating that probably some of our readers would be related to her, they agreed an ad run in connection with her search. It is in connection with estate, and full details will be found in the classified ads under notices.

Tall tale or not, John McAnelly says it's true that the Ag boys really caught a fifty pound catfish in Devils River near Del Rio last week. Together their catch ran up to 275 pounds of fish. Mac gives credit to "real fishermen" Elgin Steigler, Jim Britsch and Robert Riff who took the boys along with them on a trip.

COUNCIL DEPLORES ABSENCE OF CENTER HOSTESSES

The lack of co-operation shown by some of the Community Center hostesses was scored at the meeting of the Community Center Council Tuesday night. Meeting to discuss ways and means of improving cooperation of the center, the council members brought out the fact that the center could not be open unless there was a hostess in attendance. The center has had to be closed on several occasions because no hostesses assigned at that time were not present.

The council suggested that a slogan to adopt in this connection might read "Help the Youth in Your Community." Plans for a membership campaign were mapped, and other information on this drive will be released later.

F. W. Bohmfalk has taken over the agency for the San Antonio Express and Evening News, it was announced here this week. He has James Ward as an assistant.

Rio Medina News

Miss Johnny Mae Sittre is the Anvil Herald correspondent for the Rio Medina area.

Mr. and Mrs. Herbert Saathoff of Hondo were Sunday evening visitors of Mr. and Mrs. O. F. Haby and daughters.

Miss Frances Boehme of Rio Medina was an all day guest of Miss Eunice Tschirhart of Castroville Sunday.

Miss Rose Marie Sittre of Rio Medina spent Sunday with Mr. and Mrs. Harry Hans and family of Castroville.

Miss Mary Ellen Frunger of the Delta community is a visitor of Mr. and Mrs. James Haby of Rio Medina this week.

Mrs. C. W. Haby of Rio Medina is a patient at the Castroville Clinic this week.

Herbert Schmidt of Fredricksburg was a visitor in Rio Medina and Castroville Sunday.

Mr. and Mrs. Alex L. Haby of Hondo were all day guests of Mr. and Mrs. O. F. Haby and daughter Wednesday.

Miss Inell Beck was a visitor of Mrs. Janice and Sharron Haby Tuesday afternoon.

Mr. and Mrs. Henry Tschirhart, Mr. and Mrs. Harry Haby and daughters of Rio Medina, Mr. and Mrs. Henry Haby of Dunlay and Mr. and Mrs. Paul Tschirhart and son of Castroville were on a fishing trip at the Lake Sunday.

Miss Beatrice Hrtzler of LaCoste and Vivian Hutzler of here were visitors of Miss Johnny Mae Sittre of Rio Medina Wednesday.

Miss Mary Balzer was a visitor of Mrs. Eldred Klump of Rio Medina Thursday.

Mrs. Alex Hutzler and Mrs. Edward Bohl and daughter Shirley of LaCoste were visitors of Mrs. Julius Hutzler Wednesday.

Mr. B. H. McSpadden, Mr. B. M. Olson and son of San Antonio and Eldred Klump of Rio Medina motored up to Medina Lake on Saturday, June 8 and caught a string of forty white bass.

Mr. and Mrs. Chili Chiles of San Antonio spent Sunday with her mother, Mrs. Otilia Beck.

Tony Burrell was a San Antonio visitor Friday.

The Rio Medina H. D. Club met at the home of Mrs. Alvin Haby. Twelve members were present. The meeting was called to order by the president. Business was discussed, and then the afternoon was spent playing cards, after which a delicious lunch was served.

For Lieutenant Governor

ALLAN SHIVERS
of Jefferson County

Senator Allen Shivers will officially open his campaign for lieutenant governor in Port Arthur, Thursday, June 27. Dean of the Texas Senate and World War II overseas veteran, his speech, which will be broadcast over the Texas Quality Network, 8 to 8:30 P. M., will be of interest to every voter in Texas.

HONDO GETS VALUABLE BUS SERVICE

In an interview with Mr. James Amberson, one of the owners and operators of the San Antonio-Bandera-Kerrville Bus Line and promoter of the recently established Bandera-Hondo-Devine Bus Line, now making daily trips over this route, he informed an Anvil Herald reporter that it is planned at an early date to increase the frequency of runs and to extend the route at both ends. When this is done, possibly as soon as the Hondo creek bridge on 173 is completed if not earlier, the traveling public will have the convenience of an adequate bus service from Kerrville to Pleasanton and all intermediate points.

When one looks at the map and sees the convenience the route affords the people from the hill country to reach deep sea bathing at Corpus and those from the low coast to breathe the ozone of the hill country and enjoy the luxury of spring water pouring from the crevices of the lime-rocks of the hill country, to say nothing of the mutual business interests that is bound to draw together the deep sea port of Corpus and the vast ranch and farm area of the hill country—and the plains country north and west beyond the foothills—one is bound to see a prosperous and useful future for this new venture in bus transportation. The service links state highway 27 at Kerrville with state highway 9 at Pleasanton in an almost direct line between the two points.

The Anvil Herald congratulates Mr. Amberson and his associates on their vision and pioneering spirit and the public—especially our own hondo community—on the service promised them.

SAFE DRIVING POINTERS

ACCELERATION. Gasoline can be saved, and tire and engine life prolonged, by avoiding unnecessarily rapid acceleration. Modern automobiles are designed to give quick pick-up and get-away—as an extra margin of safety in getting out of tight places. But there is not much excuse for using this speed just to beat another car away from a traffic light.

Her Thoughtfulness Helps to Save Food

In support of UNRRA's plea to use wheat-substitutes so that this country can fulfill its promise to help feed starving Europe, pretty Shirley Nelson serves a loaf of oatmeal bread. And to avoid waste, she takes a tip from her baker and wraps the loaf in waxed paper to keep it fresh and moist. Housewives are urged to conserve food and use wheat-substitutes until Europe's wheat can be harvested.

LUREN SCHWEERS HONORED WITH BIRTHDAY BARBECUE

Mr. and Mrs. Henry Schweers entertained a number of relatives and friends with a barbecue dinner and supper at their ranch home Sunday honoring their daughter Luren on her twelfth birthday.

After all the gifts were opened and admired, Bunco was played and prizes were awarded.

Those enjoying the occasion were: Mr. and Mrs. Arthur Scherrer, Mr. and Mrs. Fritz Leinweber, Mr. and Mrs. Alfred Saathoff, Mr. and Mrs. Johnny Schweers, Mr. and Mrs. Herman Gerdes, Mr. and Mrs. Eugene Byers, Mr. and Mrs. Walter Brucks, Mr. and Mrs. Louis Mote, Mr. and Mrs. Arthur Schulte, Mr. and Mrs. Hugo Balzen, Mrs. Hedwig Windrow, Mrs. Paul Reger, and Mr. and Mrs. Henry Schweers. Misses Willie Jean and Emilie Marie Saathoff, Mary Belle and Margie Gerdes, Lonnie Schulte, Dorothy Balzen, Opal Mote, and Fay Dell and Luren Schweers; Masters Archie Ray Gerdes, William Ray Schulte, J. B. Mote, Joe Harris Balzen, Johnny Windrow, Eugene Henry Byers and Lester and Milton Landrum.

LET THEM WORK

Farmer McTavish fell in a well where the water was seven feet deep, and cold. His wife, who had seen him fall in, called down to him: "I'll ring the dinner bell so the boys will come and pull you up." "What time is it?" McTavish yelled back.

"Bout half-past ten."
"No, dang it, let 'em work till dinner time. I'll swim around until they arrive."

METHODIST YOUNG PEOPLE SCHEDULED TO GO TO CAMP

It's "off to camp" for fifteen young Methodists of Hondo and near-by communities, when they leave for Kerrville to attend the Assembly Youth Group.

Officers of the Methodist Encampment are due to go on Saturday, June 22. Included in this group are Miss Darlene Brucks of the First Methodist Church of Hondo, Miss Zella Mae Schweers from New Fountain Church, and Tommie Rae Duderstadt of the Utopia Church. They

will be accompanied by Rev. H. Ellis Thomas.

Then on Monday, another group consisting of twelve young people will go to join them. They are: Norma Kollman, Renie Gilliam, Betty Ann Garrison, Dick Fly, Robert Carie, Sonny Woolls, Joleen Huddleston, Patsy Franks, Henry Holloway, Gray Brucks and Elizabeth Lacy, all of Hondo, and Marilyn Gagle from New Fountain church.

The camp will last through Sunday July 30th.

W. A. MASK & CO.

Where little children cry from hunger-

SOMEWHERE, halfway across the world, two little children cry bitterly from hunger. Children cannot understand the why of hunger—they know only the gnawing pain, the piteous weakness. A heartbroken mother listens helplessly.

Their only hope—and the hope of millions like them—is that Americans will not be complacent in a starving world . . . that you will share the abundance that is yours.

You are pledged to "Share a Meal Every Day," to help supply starving people with fat and wheat products. But the need for all foods is so desperate that you're asked to do more . . . to give money to buy food, or give food in tin cans, and to give generously!

Where the food you give will go. Contributions of canned foods will be distributed free in war-devastated countries on the basis of greatest need.

Why food must be in tin cans. Food in tin cans can be handled safely for distant shipments and travel over difficult roads.

Why the need is so desperate. The battles that brought us victory scourged most of the countries that fought as our allies. The worst drought in fifty years followed the war. Crops failed throughout Europe and Asia. 500,000,000 men, women, and children are hungry and starving.

WILL YOU GIVE THAT THEY MAY LIVE?

HERE'S WHAT YOU CAN DO!

1. GIVE MONEY.

More food can be obtained for a given amount of money when it is bought centrally and in large quantities. Send cash, money order, or check to your local Emergency Food Collection Committee or to Lee Marshall, Executive Director, 400 Maiden Lane, New York 7, N. Y.

2. GIVE FOOD IN TIN CANS.

Leave at any Emergency Food Collection depot.

Urge your church, club, or organization to participate!

LOCAL AND PERSONAL

Mr. and Mrs. L. J. Saathoff, daughter Pauline and son Cow Boy Charlie spent the weekend in Eagle Pass and Piedras Negras.

Mr. R. G. Poe has moved here from San Antonio, and is living temporarily at the Rollie Bless home. He is employed at Nessler's, and is a son-in-law of Mrs. Jack Bilhartz, now very ill in a San Antonio hospital. Mr. and Mrs. Poe will live on the Bilhartz ranch near Biry when Mrs. Bilhartz improves enough to leave the hospital. Mr. Poe plans to drive in to work on the new highway. The filling station in San Antonio formerly operated by Mr. Poe has been turned over to his son.

Mr. and Mrs. Jack Williams made a business trip to Corpus Christi on Tuesday.

Capt. Milton J. Batot came in Sunday from Oak Ridge, Tenn. to spend a short leave with his wife and two children, Barbara Ann and Ferdie, and other relatives. Capt. Batot is the son of Mr. and Mrs. Felix Batot of Hondo. He is in the Engineer Corps of the U. S. Army and has been stationed at Oak Ridge, Tenn. for the last 18 months.

Mr. and Mrs. R. A. Haegelin, Mrs. Ben Riff and Mr. and Mrs. Milton Haegelin of Hondo spent Father's Day in San Antonio with Mr. and Mrs. M. T. Schuchart.

Attorney and Mrs. F. C. Richter spent Tuesday and Wednesday in Austin where Mr. Richter sat in on a session of the Supreme Court.

Mr. and Mrs. W. J. Harlowe are spending a month at the Albert Biediger cabin camp on the Medina. Little Miss Barbree Harlowe left yesterday afternoon by bus to join her parents for the balance of their stay.

Mr. and Mrs. Irvine Fohn of Overton, Texas, are visiting Mr. Fohn's parents, Mr. and Mrs. John Fohn. Accompanying them are sons Thomas and LeRoy. Irving has a two weeks vacation from his job with a refining company there.

M-Sgt. and Mrs. Charlie Leinweber and daughter Peggy have been visiting Charlie's parents, Mr. and Mrs. Louis Leinweber, this week. They plan to leave for Alexandria, Louisiana, this week end, where the sergeant is doing recruiting work.

Mrs. Clinton L. Grell left Hondo Sunday to join her husband at Houston. He has taken a position with an air line there, and they will make their home in Houston. Recently discharged from the Navy, Mr. Grell was a Lieutenant (jg), and a radar officer. He was graduated from the University of Texas, majoring in transportation.

MILTON H. WEST ANNOUNCES FOR RE-ELECTION FOR CONGRESS FROM 15TH DISTRICT

Congressman Milton H. West of Brownsville today had formally announced his candidacy for reelection to the House of Representatives in Washington from the 15th Congressional District of Texas.

Congressman West is a native Texan, whose colorful career began as a farm boy and included a tour of duty as a Texas Ranger, self-education for admission to the Texas bar while working as a stenographer, district attorney for the Brownsville-Corpus Christi area for six years, state representative in the same area for five years following, and election to Congress in 1933 to succeed former Vice-President John Nance Garner.

During his service in Congress, Mr. West was once called by a Washington correspondent the "best money-getter" in the House because of his ability to secure federal grants and loans for cities, counties and other municipal subdivisions in his district at a time when the national economy was being bolstered by such means.

Cong. West was born on June 30, 1888, in Gonzales County, Texas, the son of Milton Crockett West and Pauline Cocke West. His grandfather was Claiborne West, signer of the Texas Declaration of Independence and otherwise prominent in the Texas Revolution of 1835. His mother was a granddaughter of Major General John Cocke, who commanded Tennessee forces under General Andrew Jackson in the Creek Indian War of 1813.

Congressman West is married to the former Miss Temule Worley, whose parents were pioneer settlers in Matagorda County, Texas. They have one son, Milton H. West, Jr., now an attorney in Houston, Texas. He was recently discharged from the United States Navy with the rank of lieutenant-commander after active duty during a major portion of World War II.

ANNUAL PICNIC OF OUR LADY OF GRACE CHURCH OF LA COSTE TO BE JULY 7TH

Your attention is called to the advertisement elsewhere in this paper of the annual picnic of the Our Lady of Grace Church of LaCoste. The date has been changed from the original announcement due to other functions scheduled for that day in neighboring towns. It is now set for Sunday, July 7th at Echtle Park.

Be a soil conservation enthusiast. Resolve now to leave the land more fertile than you found it.

Urban people must form a good pep-squad and get behind the team.

A prosperous community cannot stay after the soils of that community have washed away.

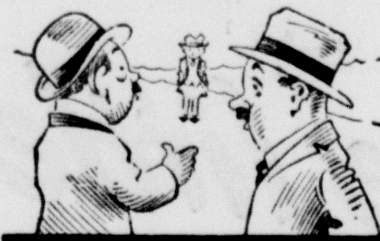

Govt. Job Open

There's a job open for a World War II veteran. The Hondo office of the OPA wants a man with clerical background and a car to work in Medina and other counties. The job pays \$1704.00 yearly to start, and five cents a mile for car expense. If you are interested, see A. A. Murrell at the courthouse in Hondo.

G. I. Training Parley Here

Mr. Charles D. Parker, area supervisor for the vocational agriculture training plan for veterans will be in Hondo Tuesday at two p. m. He will meet with county superintendent Clarence Schweers, members of the teaching staffs of Medina county schools and A. A. Murrell, Medina county service officer. The conference will be held in the courthouse, and final touches will be given to the program for agricultural training for Medina county veterans before it is submitted to the governor's committee for approval.

CAN'T LOSE

"How did Brown come to be so highly esteemed as a weather prophet?"
"By his optimism. When there is a drought he keeps predicting rain, and when it's raining he says it is going to clear off."

DRY HEREFORD BRINGS \$133.28

Blanton Taylor sold a dry Hereford cow that he had raised for \$133.28 Wednesday. The animal weighed 980 pounds and brought \$13.60 per hundred. It was fat and will be slaughtered. Blanton says his cattle raising is just a sideline to his baseball and football playing.

HONDO SINCE 1907

Meeting of the County Board of Education

June 28, 1946
2:30 p. m.

THE ROUTING OF SCHOOL BUSES WILL BE DETERMINED AT THIS MEETING.

The terrible emptiness of not having enough to eat drove these children out early in the morning. They are hopefully waiting for food.

Millions of children are sick from hunger. Many will die before help can reach them. But you can help save many thousands of others. Their only hope is your generous help.

Will you GIVE that they may LIVE?

Yes, you've pledged to "Share a Meal Every Day" to help starving people. But the need for food is so desperate you're asked to do more—to give money to buy food, or give food in tin cans, and to give generously.

Where the food you give will go. Contributions of canned food will be distributed free in war-devastated countries on the basis of greatest need.

tributed free in war-devastated countries on the basis of greatest need.

Why food must be in tin cans. Food in tin cans can be handled safely for distant shipment over difficult roads.

HERE'S WHAT YOU CAN DO!

1. GIVE MONEY. More food can be obtained for a given amount of money when it is bought centrally and in large quantities. Send cash, money order, or check to your local Emergency Food Collection Committee or to Lee Marshall, Executive Director, 100 Maiden Lane, New York 7, N. Y.

2. GIVE FOOD IN TIN CANS. Leave at any Emergency Food Collection depot.

Urge your church, club, or organization to participate!

SOCIETY

Mrs. Vance Heads B. & P. W. Club.

At the regular meeting of the Hondo Business and Professional Women's Club Tuesday night, June 18th, at the Community Center, Mrs. Frank X. Vance was elected to serve the organization as its president for the 1946-47 club year. Other officers elected are: Miss Thelma Lynch, vice president; Miss Nora Karrer, Secretary; and Mrs. Jo Wood, Treasurer. Mrs. Vance immediately took over the chair, relieving Miss Anne Davis, secretary, who presided in the absence of both the president, Miss Thelma Lynch, and the vice president, Mrs. Homer Wilson. The first official act of the new president was to appoint Mrs. E. G. Pope as Parliamentarian. The Executive Board will meet later to appoint the members of the Standing Committees.

Mrs. Wood reported receiving a donation of ten dollars from J. Frank Jungman of Houston as a contribution to the club's work with the Community Center Library. This sum, together with five dollars donated for the same purpose by Dr. S. S. Derankou, will be used for buying book clubs to secure current literature for the Library. A recent addition to the book shelves is "The Edge," donated by Mrs. Ferd Rock. The Library is open to the public every Friday evening from seven to nine o'clock with a member of the B. & P. W. Club serving as librarian.

Mrs. O. B. Taylor was appointed to serve as acting secretary in the absence of Miss Karrer, who is attending school in San Marcos during the summer months.

The hostesses for the social hour, Mrs. Felix Richter and Mrs. A. H. Wheeler, served refreshments of ice cream and cookies.

Hostesses announced for the July meeting are Mrs. Earl Starnes and Mrs. O. B. Taylor. Installation of officers will be held at the next meeting.

Mrs. O. B. Taylor was appointed to serve as acting secretary in the absence of Miss Karrer, who is attending school in San Marcos during the summer months.

The hostesses for the social hour, Mrs. Felix Richter and Mrs. A. H. Wheeler, served refreshments of ice cream and cookies.

Hostesses announced for the July meeting are Mrs. Earl Starnes and Mrs. O. B. Taylor. Installation of officers will be held at the next meeting.

WESLEYAN SERVICE GUILD HOLDS REGULAR MONTHLY MEETING

The Wesleyan Service Guild met Thursday night, June 13th at the Hondo Community Center Building, with Mrs. J. F. Deloney serving as hostess. This meeting substituted for the regularly scheduled one which is usually held on the first Thursday of each month.

Mrs. Christine Mayberry, president of the organization, presided, and Miss Darlene Brucks had charge of the program.

Miss Marguerite Murrill was elected as the new program chairman. Cherry nut sundaes and cookies were served to seven members and a guest present.

The next meeting will be held on July 11th at 8:00 p. m. instead of the usual 7:30.

WEDDING

D'HANIS.—Mr. and Mrs. M. A. Zinsmeyer observed their silver wedding anniversary Sunday evening when they entertained with a barbeque supper for over fifty guests. Mrs. Bernard, was the only absent member of the family; he is in Manila with the army medical corps. Other children are Mr. and Mrs. Joe M. Zinsmeyer, Jimmie, David, Clovis, N. Mex., Emily, Herb, and Ellen Zinsmeyer. The Zinsmeyers have one grandchild, Joseph Zinsmeyer.

Coffee and cake were served the next day at a later hour, with Miss Thelma Koch and Miss Grace Zinsmeyer presiding over the service. Mrs. Zinsmeyer is the former Miss Thelma Koch.

Mr. and Mrs. Clarence Van Fleet were their guest his mother, Mrs. Mary Van Fleet, of Fort Worth.

Besch-Schlentz in Double Ring Ceremony

Miss Mildred Evelyn Besch, daughter of Mr. and Mrs. M. E. Besch of San Antonio, and Leslie C. Schlentz, son of Mr. and Mrs. Charles Schlentz of Hondo were married in a double ring ceremony June 8, at 4 p. m. at St. John's Lutheran Church, San Antonio. Rev. August Wolff officiated. Marigolds and ferns in tall baskets adorned the altar.

Miss Mary Ann Besch, served as her sister's bridesmaid. She wore a powder blue chiffon gown and carried a bouquet of blue, yellow and white daisies. Mr. Alton Schlentz was his brother's attendant.

The bride was given away by her father. She wore a long sleeved white satin and net gown, with orange blossoms holding her long wedding veil. She carried white gladioli with white satin shower.

A reception was held at the home of the brides parents after the ceremony.

Mrs. Schlentz graduated from Breckenridge High School in 1945, completing the 4-year course in two years.

Mr. Schlentz is engaged in farming and ranching, and the couple are making their home in Hondo.

Heads For Hawaii

General Jonathan Wainwright sent a telegram to Mrs. Bill Merritt Schoenberg yesterday notifying her that she could pick up her traveling orders for the trip to Oahu, Hawaii, where she will join her husband at Wheeler Field.

She had her ship's orders, but did not have the traveling orders until the last minute. Marjorie Theresa, their sixteen months old daughter, will go along. Mrs. Schoenberg plans to leave Monday, June 24 for San Francisco where she is to board the ship Friday, June 28.

SUPPER HONORS LESLIE SCHLENTZ AND BRIDE

A reception and supper honoring Mr. and Mrs. Leslie Schlentz was held at the home of Mr. and Mrs. Charles Schlentz on Saturday, June 15, at 6 p. m. Mary Ann Besch of San Antonio was in charge of the hand painted guest book. The dining table was lace covered, and white gladioli and snapdragons made up the floral arrangements in the rooms. Mrs. Leslie Schlentz, honoree, wore a dress of blue lace with a pink carnation corsage. Mrs. Charles Schlentz wore a pink eyelet dress with white

DINNER DANCE HONORS JOHN HENRY JENNINGS AND BRIDE

The Anacacho Room of the St. Anthony Hotel was the scene of a dinner dance honoring Mr. and Mrs. John Henry Jennings and their attendants, Sis Hamble and Elmer Joe Leinweber on Saturday night June 15. It followed the wedding and reception held in Hondo that afternoon.

Lavender candles and a bouquet of lavender iris and red roses were used on the table. "I Love You Truly" was played by the orchestra and dedicated to the young couple.

Mr. and Mrs. Jennings left Monday for a leisurely trip through Old Mexico, stopping at Monterrey and Mexico City.

D'HANIS CLUB HONORS FATHERS

D'HANIS.—Members of the Literary Club were hostesses at a bridge party given in the home of Mr. and Mrs. Henry Nehr Thursday evening at 8:30. The home was lovely with arrangements of cut flowers. Mrs. Henry Biry and Mr. Frank Hartman were awarded prizes for high score in contract, and Mrs. Hartman and Mr. O. R. Humble received consolation prizes. In observance of Father's Day, each man present received a special gift.

Punch was served throughout the evening. After the games, refreshments were served in the candle-light dining room with Miss Carrie Langfeld serving ice cream and Mrs. Frank Hartman serving cake. The lace-covered table was centered with an arrangement of shasta daisies on a reflector. Those present were Mr. and Mrs. Henry Biry, Mr. and Mrs. Frank Hartman, Mr. and Mrs. O. R. Humble, Mr. and Mrs. M. L. Riley, Mr. and Mrs. Amos Finger, Miss Carrie Langfeld, and the hosts, Mr. and Mrs. Henry Nehr.

carnations as a corsage. The supper was served on long tables in the yard. A wedding cake with an embossed basket of sweet peas and bowls of zinnias and fern gave a festive air to the barbecue supper consisting of mutton, salad, pickles and coffee. There were a hundred and thirty guests present.

ADULT TRAINING UNION HAS SOCIAL TUESDAY NIGHT

The Adult Training Union of the First Baptist Church enjoyed a social gathering at the home of Mr. and Mrs. H. Z. Windrow Tuesday night at 8:00 o'clock. Mr. Joe Barnhart is President of the class and Mrs. W. T. Crow is the social chairman.

Ice cream was made at the party. Those attending include: Mr. and Mrs. Joe Barnhart, Mr. and Mrs. W. T. Crow, Mr. and Mrs. Henry Ward, Mr. and Mrs. Horace Crow, Dr. and Mrs. Norman Lewis, Mrs. Orvil Batteredton, Mrs. George Bendele, Mr. and Mrs. Marvin Beal, and the host and hostess.

EASTERN STAR CHAPTER MEETS IN REGULAR SESSION

Hondo Chapter No. 404 O. E. S. met in regular session at the Masonic Hall on Monday June 17th at 8:00 o'clock, with Mrs. Augusta King, new worthy matron, presiding.

There was much business transacted including the initiation and the completion of the installation of new officers.

Mrs. Etta Mae Roberts s a new member of the Hondo Chapter.

MEET your friends at the Ritz Coffee Shop and enjoy a tasty meal. Once you've tried eating here you won't want to change... "It's the one place," as one put it, "where I can always be sure of getting good food and a moderate check." Stop in today.

WOMAN'S MISSIONARY SOCIETY HOLDS MEETING TUESDAY

The Woman's Missionary Society of the First Baptist Church met in the home of Mrs. J. R. Duncan Tuesday, June 18 for the Royal Service program of the month.

A brief business session was held after which Mrs. H. Z. Windrow was leader for a very interesting and timely subject, "Living up to Our Moral Standards." Mrs. E. J. Johnson brought the devotional and others taking part on the program were: Mrs. Jerry Kollman, Mrs. Goolsbie and Edna Crow.

A social hour followed. The hostess served iced watermelon to the following guests: Mesdames H. Z. Windrow, Norman Lewis, Will Crow, Horace Crow, W. V. Goolsbie, Henry Ward, Marvin Beal, E. J. Johnson, Geo. Bendele, Newell Woods, Jerry Kollman and R. V. Sanders.

'We'll Miss You'

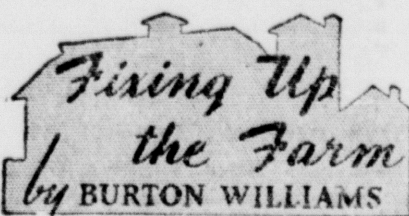

A young man, after eight years' absence abroad, alighted at his home station and, despite his expectations, there was no one there to meet him. He then caught sight of the stationmaster, a friend since boyhood. To him at least he would be welcome, and he was about to extend a hearty greeting, when the other spoke first.

"Hello, George!" he said. "Goin' away?"

VACATION CHURCH SCHOOL TO CLOSE FRIDAY

The First Methodist Church will close a most successful Vacation Church School Friday, June 21. Certificates of awards are to be made to everyone in attendance. The average daily attendance was 61, but over 72 were enrolled during the two weeks. The children report a good time, and their work bespeaks much effort upon the part of the faculty.

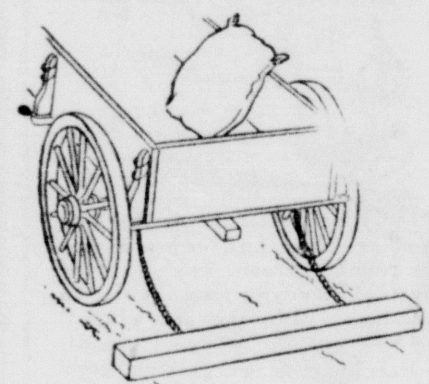

Miss Willie Fly was director of the school, and the following persons assisted in the training and worship period: Mesdames A. H. Schweers, R. C. Rath, Joe Brucks, Ervin Leinweber, M. B. Bamby, H. R. Burch, Bruno A. Schweers, S. H. Arris Parsons, H. Ellis Thomas, and Gayford Rogers.

Emergency Wagon Brake

FARMERS have long been known for the ingenuity with which they devise gadgets for making their work easier or extending the usefulness of old equipment and making new equipment. Here are a few ideas which have worked for others and are well worth passing along.

An emergency wagon brake to be used when hauling heavy loads up steep hills can be made by fastening a four by four so it will

drag behind the wheels. The post will automatically block the wheels when the team stops to rest.

A leaky pail can be repaired by first painting the bottom and then placing a piece of heavy cloth just the size of the pail bottom over the wet paint. When the first paint has dried, paint the top of the cloth.

An old shoe polish bottle with a swab is a handy container for carrying oil to grease cultivator shovels to prevent rusting.

ABERDEEN ANGUS MEN TO MEET AT A&M

Annual Field Day of the Texas Aberdeen-Angus Breeders' Association will be held at Texas A&M College on Friday, June 28. The Animal Husbandry Department of the college will be host to all members of the Association, and cordially invites all others interested in Aberdeen-Angus cattle to attend.

Mrs. John Hollan of Victoria has been the guest of her sister, Mrs. Ed. S. Koch.

Miss Wanda Van Fleet left last week for Sanderson, where she is visiting her grandfather and her aunt.

Mr. and Mrs. Marlin Nester and children of Marathon arrived Sunday for a visit with relatives. Mr. Nester returned to his home the following day.

Mrs. Louis Carle and Mrs. A. J. Finger visited Mrs. M. L. Knippa in San Antonio Monday.

Mrs. Walter Schawe of Knippa visited her mother, Mrs. F. J. Carle, Monday.

Friends of Mr. and Mrs. Arnold Zerr and family regret to see them leaving to make Hondo their home.

Sgt. J. B. Langfeld returned home last week after receiving his honorable discharge. He was in Europe.

Miss Louise Koch left last week for East Hampden, Massachusetts.

Mr. and Mrs. Thomas Koch and family, and Mrs. Alvina Koch are camping for a several weeks period at Beldgers Camp at Castroville. On Friday they were joined by Mrs. Thelma Raney.

Here In Hondo

News has been received that Stanley Hollmig, son of Mr. and Mrs. Al Hollmig, will arrive home next week with a discharge from the Army Air Forces.

Deaths

Gavier Perez, April 18, infant. Child of Mr. and Mrs. Miguel Perez, Devine.

Ernesto Velasquez, April 22, infant. Child of Mr. and Mrs. Ramon Velasquez, Hondo.

John Richard Howard, 81, on April 23, Devine.

Teledonis Sandobal, April 25, infant. Child of Mr. and Mrs. Manuel Sandobal, Hondo.

James S. Evans, 79, on April 25, Devine.

Sebastian Rico, 88, on April 27, Hondo.

Joseph H. Schmitt, 75, on April 29, Castroville.

Risby Lou Viney Mosley, 83, on April 29, Lytle.

Kate Etna Garrett, 56, on April 29, Devine.

Maria Remediaz Pedroza, May 2, infant. Child of Mr. and Mrs. Francisco Pedroza, Devine.

Juan Martinez, May 1, infant. Child of Mr. and Mrs. Leorio Martinez, Hondo.

Pillar Monreal, 31, on May 7, Devine.

Thereso Aguirre Jr., May 10, infant. Child of Mr. and Mrs. Thereso Aguirre, Castroville.

Reymundo Perez, May 12, infant. Child of Mr. and Mrs. Luiz Perez, Hondo.

Andres Arredondo, May 14, infant. Child of Mr. and Mrs. Jesus Arredondo, Hondo.

Mary E. Clark, 79, on May 15, Hondo.

Angelita Moncaha, May 17, infant. Child of Mr. and Mrs. Jose Moncaha, Hondo.

Maria Mares, May 20, infant. Child of Mr. and Mrs. Maximo Mares, Hondo.

Albert Bilhartz, 77, on May 21, Hondo.

Rosita Garcia, May 21, infant. Child of Mr. and Mrs. Gomecendo Garcia, Hondo.

Duninga Lopez Perez, 26, on May 22, Devine.

Mrs. Ciria T. Valdez, 67, on May 26, Castroville.

Antonio Hernandez, May 30, infant. Child of Mr. and Mrs. Eulalio Hernandez, D'Hanis.

THE TWIN MEETS—IN RECORD-BREAKING TIME!—A new east-west speed record was set by this new Navy Neptune patrol bomber, a two-motored Lockheed P2V, when it sat down at Burbank Field, Calif., 9 hours 23 minutes and 2 seconds after its take-off from Floyd Bennett Field. This sliced 39 minutes off the previous best speed, despite poor flying conditions that forced the plane 150 miles off course. The Neptune was piloted by Commander Thomas D. Davies, of Chevy Chase, Md., and carried three naval crewmen and two civilian passengers.

Here In Hondo

Mr. and Mrs. J. R. Duncan recently received a cablegram from Japan stating that their son, T-5 James Duncan will be leaving there for home within the next few days.

Mrs. Weldon Mansell (formerly Miss Ina Holloway) is in Medina Hospital recuperating from a major operation.

Mrs. Jessie Harper of San Antonio spent the weekend with Mr. and Mrs. Amos Harlee.

Miss Laura Ann Muennink has accepted a position as secretary to Mrs. Christine Mayberry, Home Demonstration Agent, and is to begin work on Friday, June 21.

Mrs. Charles W. Schweers of San Antonio was the guest of relatives and friends here the middle of the week, returning home Thursday morning.

HONDO SERGEANT WITH ATOM BCMB TASK GROUP IN PACIFIC

KWAJALEIN, June 14.—Master Sergeant Wesley O. Mellard, whose wife, Clarice and daughter, Michele, live in Hondo, is now with the 509th Composite Group of Army Air Forces Task Group 1.5 here. The group will drop the atomic bomb on a fleet of surface vessels off Bikini Atoll in July.

Mellard is an electrician with the air service unit of this task group.

SAFE DRIVING POINTERS

CLUTCH. Here's a good rule to remember: Always keep your foot off the clutch pedal until you're ready to use it!

One of the worst habits some drivers have is "riding" the clutch—in other words, keeping the foot on the clutch pedal while rolling along the street or highway. This causes some slippage, even though it may not be noticeable to the driver. The result is that the clutch lining is rapidly worn away, and has to be replaced at considerable expense.

Trade Makes The Town Grow

Without trade there would be no town here; without the town, no city officials would be needed. So every city official, employee and citizen of Hondo must do his share to keep Hondo strong by buying in Hondo whenever possible.

Originally trade came to a small store somewhere on the present site of Hondo. As trade increased, so did Hondo. Trade made it grow in the early days and will keep it growing today.

When payrolls in the city hall and courthouse grew larger, Hondo prospered that much more. In the early days, money was not so thoughtlessly sent and spent out of town for merchandise.

Money was made and spent in the Hometown. Every year business grew, and the payrolls of these businesses made Hondo grow much faster than a lot of people realize.

As we see it, the world is just finding out what a good prospect Hondo has. We predict it will greatly expand as a trading center for all of Medina county, especially if all who live here and make money here will more consistently support hometown business.

Every little bit helps; spend yours in Hondo and watch the town grow

PRECAUTIONS URGED AGAINST HEAT CRAMPS

AUSTIN, Tex.—If your work is such that it causes excessive perspiration, add a pinch of ordinary table salt to each drink of water you take to help prevent heat cramps. This is advised by Dr. George W. Cox, State Health Officer, to prevent a possible increase in the number of heat victims at the Texas thermometer hits 95 and above.

Laborers, mechanics, farmers, and white collar workers whose work causes them to sweat profusely, are in danger of having their body salt content become deficient with resulting heat cramps. Salt is a prominent constituent of sweat; the body may lose as high as 40 to 50 grams of salt during hot days.

In industry, a method of preventing heat cramps is to take a tablet of pure salt or a mixture of salt and dextrose with each drink of water. Workmen whose duties require muscular exertion should be especially careful to add more than the usual amount of salt to what they eat and drink.

Salt deficiency may be prevented by taking salt in various ways. Where prepared tablets are not available, table salt may be added to each drink of water. Milk is a source of salt and will help to make up for the

deficiency caused by sweating. Heat cramp is characterized by pains (cramps) in the abdominal region, headache, and in severe cases, by nausea and vomiting. The body temperature remains about normal, likewise the pulse rate. Body salt losses occur without the knowledge of the individual until there is a deficiency; then the abdominal muscles begin to cramp.

When our soils are gone we too must go unless we find some way to feed on raw rock or its equivalent.

Rich lands yield rich crops.

HONDO, MEDINA COUNTY, TEXAS, JUNE 21, 1946.

VOLUME SIXTY

Broom Corn Being Cut This Week

Big Cash Returns From Sweeping Material Seen

Broomcorn harvesting is under way now all over Medina County, with prices high enough to almost pay for the land it is being grown on. Currently selling for around \$250.00 per ton, the sweeping material is somewhat spotty over the county due to the variation in planting time. Among those near Hondo who have been harvesting this week and last are Toby Taylor, Dr. T. B. Knopp and the Hollaway Brothers.

The lack of rain during the past weeks has hurt the late crop, but most of it will still recover and make good if the needed water falls.

Early Planting Best

The Department of Agriculture has advised planting broomcorn about the middle of May, but those who jumped the gun and put their seed in the ground near the first of March have been lucky this year. Their crops are made, and they are the ones who are harvesting now.

Acreage Tripled in Decade

When the picture on this page was taken, the broomcorn farming in Medina County was just getting a good start. Since 1935 the crop has forged ahead as one well suited to the climatic conditions of this area, and has become one of the big money crops. Many fields are producing one third of a ton per acre, with slightly larger yields reported occasionally. The broomcorn planting began in the southern part of the county before it spread up to the Hondo community, but is now pretty general all over Medina County. F. L. Williams and W. C. Scott, two of the people prominently connected with the local broomcorn business, expressed themselves to The Hondo Anvil Herald reporter this week on the subject of local broom manufacture. In many small communities there are broom factories which use the raw materials, they said, saving on freight costs.

(Editor's note: In Tuscola, Illinois, a town of 3000 in the heart of the Illinois broomcorn district, there is a broom factory. It was started during the depression by two brothers, with one machine. Now they employ more than fifty men and ship finished brooms all over the country. The editor swept out his tent in the Philippines with a broom from this factory, shipped there by the Quartermaster Corps.)

First Baptist Church To Sponsor Vacation Bible School

Saturday, June 22, is to be registration day at the First Baptist Church for the Vacation Bible School which is to last for a period of two weeks. There are to be classes for all ages of children featuring handwork, Bible study, and recreation.

The faculty includes: Cradle Roll Department, Mrs. Drasher, superintendent, and Mrs. George Bendele, Mrs. D. R. Vaughn, and Miss Polly Swain; Beginners Department, Mrs. Lee Moss, superintendent, and Misses Marjorie Taylor, Ruth Taylor, and Alice Crow; Primary Department, Mrs. E. E. Kollman, superintendent, and Mesdames V. Horace Crow, W. T. Crow, and H. E. Bucy; Junior Department, Mrs. Joe Barnhart, superintendent, and Mrs. William Hillis and Mrs. N. R. Lewis; Intermediate Department, Mrs. Goolsbee, superintendent.

Refreshments superintendent will be Mrs. J. R. Duncan and General superintendent is Mrs. H. Z. Windrow.

MASONS BUSY WITH DEGREE WORK

Hondo City Lodge No. 756, AF & AM, is having an unusual amount of degree work currently, with meetings called for last night and again Saturday night.

Monday, June 24, will be the occasion for the annual installation of officers. The appointive officers and elective officers will be placed at this time.

MEDINA BROOMCORN FARMING TRIPLES IN DECADE

Taken several years ago, and of interest today is this picture showing some of the Medina County broomcorn in its earlier stages.

Picture number one is a field which belongs to F. L. McWilliams, and which turned out 17 tons from 65 acres. He had 550 acres that year, and including custom work baled broom straw for three months, twenty four hours a day. In the second picture is "Mac" himself, while the third view shows a barn that formerly stood on his place. There were 140 tons stored in the building when the picture was made, and in 1940 the barn burned with 40 tons in it. He had 26 tons insured at that time, and collected \$2210.00. In picture number four "Mac" is standing to the left of Grayford Rogers in front of a curing shed. In this shed the corn can be dried away from the sun, and it comes out green in color. The green color grades higher and sells for more money than the sun dried product. It is called "shed-cured."

Jim Lynch has his back to the camera in the fifth picture, while Robert Hartung is seen in the background watching some of the workers. The sixth shot shows some of the helpers threshing the green corn preparatory to storing it in a curing shed.

Dr. Hino H. Rothe On Homecoming Pilgrimage

Dr. and Mrs. Hino H. Rothe, enroute from their home in Gainesville, Florida, to visit their daughter, Mrs. Wm. Bryan and husband, at Hollywood, California, stopped over in Hondo Tuesday to visit relatives and renew acquaintances with old friends.

Dr. Rothe is a former Hondo boy who finished his education in Veterinary Science in the A&M College of Ohio, married an Ohio girl, and came back South to follow his profession. For a number of years he has been connected with the Agricultural Department of the State of Florida, looking after the state's dairying industry.

Dr. and Mrs. Rothe have two children, both married. Mrs. Bryan's husband is connected with the movie production business of Hollywood.

The son, Sturgeon Rothe, resides in Gainesville, Florida, but is Field Representative of the Coca Cola Bottling Co., covering the territory of West Texas and Eastern New Mexico.

"Home-coming" to Hondo is an annual event to Dr. Rothe, who despite the engrossment of a successful professional career, still loves Hondo and her people with the passion of his boyhood.

D'HANIS MAN IMPROVING AFTER HORSESHOEING ACCIDENT

Mr. E. L. Brod of D'Hanis is in Medina hospital with an injured leg. A horse dragged him down while he was holding it for a blacksmith who was shoeing the animal.

He has been in the hospital three weeks and is improving all right. Mrs. Brod has been in to see him almost every day, and reports that he should be out of the hospital by Sunday.

H. J. Brod of San Angelo, his brother, visited him last week. His granddaughter from Uvalde, Mrs. O. J. Wheat, was here last Sunday.

Erosion is our constant enemy.

Scott Kills Cockleburrs With Grazing Sheep

W. C. Scott, a successful south-side farmer, turned his sheep into his cornfield Tuesday morning. Mr. Scott figures that the sheep will not disturb the now tough, mature blades of the plants so long as there are tender weeds and grass underneath for them to nibble. In this way, millions of noxious weeds will be prevented from maturing seed to foul the land with weed-growth next year, while in the meantime his sheep pasture will be getting a much needed rest. To the suggestion that some wise old ewe might depredate on an occasional roasting ear, Mr. Scott observed that a little grain now would help the fall wool clip. By the way, Mr. Scott says that sheep turned on cockleburrs while the plants are young and tender will completely destroy the plants and eventually rid a field of the worst kind of infestation.

Gets Thanks From Brooke Hospital

Mrs. E. J. Leinweber, chairman of the Medina County Camp and Hospital Council, receives each month a grateful letter of appreciation from the Red Cross Unit of the Brooke General Hospital in San Antonio, for the contributions of that month.

The cups and saucers will be used in the wards for parties and during our morning coffee hour. The sheet music, the banjo strings, and the victrola records will be added to the music program, and the comic books will be most welcome," Catherine Hubbard, Assistant Field Director writes in her May letter.

"Your efforts and interest in supplying our needs have made possible the continuance of our program here," she concludes.

Mrs. Leinweber receives a monthly allocation of items and up to date, has been able to secure all items except: one four gallon crock, two large wooden bowls and one large enamel coffee pot for cooking.

Besides Hondo, Yancey, D'Hanis, LaCoste, Castroville, Devine and Natalia send cookies and 100 gift prizes each month.

For June these were sent by Devine and Natalia. The cookies numbered 220 dozen.

Home Demonstration Club Notes

The Home Demonstration Annual Encampment is scheduled for July 31 and August 1 at Wernette's Garden in Castroville. There will be a meeting of the camp committee on Monday, June 24 at the Community Center at 2:00 p. m. Plans for the encampment will be made at that time.

Probable dates of the 4H Club camp are Tuesday and Wednesday, July 16 and 17, also at Wernette Gardens.

All club girls and women will be notified as to the necessary equipment needed for camping.

O. M. T. Club Meets

The O. M. K. T. Home Demonstration Club met recently with Mrs. Frank Peterson in Devine. Sixteen members answered the roll call and three new members were received into the club.

The Clothing and Food Relief for foreign countries was discussed, and the club voted to send clothing to the Philippines and to can 100 or more cans of food. Mrs. Bailey was named hostess for the first session of canning. Black eyed peas will be canned. Other foods will be canned later.

The president, Mrs. C. V. Kerr, tendered her resignation due to the fact that she is moving to California, and Mrs. Frank Peterson was elected to serve until the club's annual election meeting in October.

Mrs. Kerr was presented with a gift from the club by Mrs. Forrest Ratramel who read a farewell message.

Agent Tells How to Substitute For Sugar in Canning

The agent, Mrs. Christine R. Mayberry gave a demonstration on canning with corn syrup, as it can be substituted for part or all of sugar. One cup sugar and two cups corn syrup to six cups of water makes a thin desirable syrup. If corn syrup is to replace all of the sugar, 1/2 to 3/4 cup should be used with one cup of water. Brown sugar or syrups that have strong flavor such as sorghum are not desirable for canning. Honey may be used to replace a small part of the sugar, but it affects the flavor.

Schweer-Balzen Family Reunion to be Held Sunday

The descendants of Schweer Balzen will gather at Wernette's Park in Castroville Sunday, June 23rd for their thirteenth annual reunion.

A well balanced program has been planned for the day, and the morning religious services will be conducted by Rev. Ervin M. Jordan of Yancey. The afternoon program is to be dedicated to members that are now or were in the armed forces.

A barbecue dinner consisting of mutton, veal, bread, pickles and coffee will be served.

The largest attendance in years is expected. Descendants of this family number approximately one thousand.

The services will begin at eleven o'clock.

An interesting sidelight on the family was given to the Anvil Herald by Marvin Schweer. It seems that when Schweer Balzen, a native of Germany, arrived here he found so many Balzens that he decided to change his name to Schweer. This made it easier to keep the names straight, and the many descendants today came from his family.

vor of the fruit more than corn syrup. It is very good with canned figs. Saccharin should not be used in canning as heat makes it bitter.

Mrs. Mayberry also gave information on the making of invert sugar and the preparation of foods for freezing.

The hostess, Mrs. Peterson, served a congealed salad, cookies and iced tea to the ladies present.

SAFE DRIVING POINTERS

COASTING DOWN HILL. It's poor economy to try to save gasoline by coasting down steep hills. Even on moderate grades very little gas will be saved, and it should be remembered that a free running car cannot be controlled as easily and safely as one which is in gear with the clutch engaged so that the engine may serve as a brake, thus saving needless wear on the brake linings. (In many states it is illegal to coast downhill in neutral.)

BIRTHS

Among the births during the month of May are the following:

May 2, DeMarie Rene Lindsey to Mr. and Mrs. Richard E. Lindsey.

May 4, Patrick Henry Russell to Mr. and Mrs. George K. Russell, Hondo.

May 7, Thomas Wilson Schmidt to Mr. and Mrs. Woodrow Schmidt, Tarpley.

May 9, Faye Jean Wiemers to Mr. and Mrs. Reuben Wiemers, Hondo.

May 12, Harry Wilber Sedgwick, Jr., to Mr. and Mrs. Harry Sedgwick of LaCoste.

May 22, Leroy Oscar Schott to Mr. and Mrs. Oscar Schott, Mico.

May 23, Portia Ann Dingler to Mr. and Mrs. Leonard Dingler, Atascosa.

May 27, Russell Lee Masters to Mr. and Mrs. Charles F. Masters, Hondo.

May 27, Cynthia Jane Newman to Mr. and Mrs. Alvin L. Newman, Hondo.

May 31, James Edward Zuercher to Mr. and Mrs. John Lloyd Zuercher, LaCoste.

YOUNG ADULT RALLY TO BE HELD AT FIRST METHODIST CHURCH

A Sub-District meeting of young people of the churches in this area will be held Monday night June 24 at 8:00 p. m. in the First Methodist Church. Mr. Clifford Zirkel, working with the Southwest Texas Conference Board of Education, will be the guest speaker. His training and experience in the field of young adult work qualifies him for this position.

Representative groups from five or six churches of this section will attend. Couples or single persons beyond the age of 23 are included in this group.

The Serene years . . .

Star Dust

STAGE SCREEN RADIO
Released by Western Newspaper Union.

KERRY KELLY, 3½-year-old daughter of the dancing Gene, recently saw her first movie, a special 20 minute reel of all her daddy's dances from "Anchors Aweigh" — and wanted to know why she couldn't have danced with her father instead of little Sharon McManus, who did the Mexican dance with him. Incidentally, since he got out of the navy in April Kelly has been dancing five hours a day, limbering up his feet for more dancing, and then working out for two or three ours in a gymnasium, to tighten up his muscles. He starts work immediately on "The Pirate," with Judy Garland, at MGM, which means that he'll be in training till it's finished.

Johnny Desmond, NBC singing star, is a little worried about his first movie, slated to begin production this summer. "In Hollywood they usually turn dancers into dra-

JOHNNY DESMOND

matic actors and singers into comedians," says he. "I'll probably wind up in a Western, co-starring with Tringer." Johnny has a new pastime; when the records of his radio show, the Tuesday night "Follies," are played back he sings tenor to his own baritone; it's his ambition to work up a quartet that way, singing all the parts himself.

Audrey Totter's sister June turned her back on Hollywood and went home to Joliet, Ill. "She saw me getting up at 5:30 every morning to go to work in 'Lady in the Lake,'" explained Audrey, "and decided she'd rather sleep than act in films."

Billy Riley, who fibbed about his age and saw two years of naval combat in the South Pacific, can't escape the school teacher on the "Lady in the Lake" set. Still under 18, he must obey the California law and do his lessons. He complained to Director Robert Montgomery about it. "I sure had to look after myself on the beachheads," said Riley.

"The Adventures of the Thin Man" is being substituted for the "Fanny Brice Show" over CBS Sunday nights starting August 11, marking the beginning of the sixth year this show has been on the air. There have been three "Nick Charles," Les Damon, David Gothard and Les Tremayne, Les Damon and Claudia Morgan, the original "Nick" and "Nora," now on the program, will continue.

Frank Sinatra hopes to do some flying this summer with his friend, pianist Skitch Henderson. Sinatra's been trying to interest Alex Stordahl in flying, but the maestro says when he waves a stick he wants music, not an airplane, to start rolling.

Radio announcers never get over the fear that they may "hobble" a line. **Bob Williams**, the young blond announcer of "Meet Me at Parky's," is still haunted by his worst break. In the midst of a powerful drama, which boasted top Hollywood stars performing for a charitable cause, Bob set the scene for the tense climax thus: "And now the sheep skins to the home of Mr. Gregory." !!!

Emerging from a recent "Inner Sanctum" broadcast, "Host" Paul McGrath was accosted by an irate woman who said she'd long been a fan of the program—"And for weeks I've been writing to Hi Brown, the producer, and even to do the sponsor, begging them to do something about that horrible door." To which McGrath replied with dignity, "Madame, our door squeaks for itself!"

ODDS AND ENDS—The perfect retort, at rehearsal for the George Burns-Gracie Allen broadcast; Gracie to heckler Bill Goodwin—"Oh, go roll your Hooper!" ... Chilly Wills, the Texas Swede who has portrayed on the screen members of nearly every nationality but his own, finally plays a Swede in "High Barbaree," as a pal of Van Johnson ... "My Sister Eileen," with Lucille Ball in the title role, is being prepared for radio ... Toscha Seidel, one of the world's famous concert violinists, has been signed by Paramount as concert master and soloist of the studio recording orchestra.

HOUSEHOLD MEMOS... by Lynn Chambers

Make a Main Dish Meal of Vegetables
(See Recipes Below)

Get Your Vitamins

Summer months with their wealth of vegetables give you a chance to put away those pills and remedies you've been relying on to keep going during the winter. You're especially lucky if you have your own vegetable garden because then you can

gather the vegetables and cook them immediately, without undue loss of precious vitamins and minerals.

Take a tip from the Chinese when you cook vegetables. Use only a small amount of water when cooking, and don't overcook. You'll save color, flavor, and nutritious qualities.

Just in case you have a family that needs coaxing and wheedling and conniving when it comes to eating vegetables, take a look through the recipes given today if you want to serve them something that doesn't need a sales talk. Don't forget that you should have two or three good sized servings of these yellow and green vegetables to maintain good health. It's better still if you serve them fresh, because they are then at their tasty best, and there's been no loss of valuable nutrients in cooking.

Shiny eggplant is really delicious when baked, one of the methods preferred in vegetable cookery. Have an oven dinner when you prepare it this way:

Baked Crumbed Eggplant.

(Serves 6)

- 1¼-pound eggplant
- 4 tablespoons flour
- 1½ teaspoons salt
- ¼ teaspoon pepper
- 1 egg
- 2 tablespoons water
- ½ cup fine bread or cracker crumbs
- ¼ cup water
- ¼ cup drippings

Cut eggplant into ½ inch slices.

Peel, if desired. Dredge with flour mixed with salt and pepper. Dip in slightly beaten egg (which has been mixed with 2 tablespoons water) and then in crumbs. Place in casserole in overlapping slices. Add ¼ cup water and bake in a moderately slow (325-degree) oven for 1 hour. Before serving, pour melted drippings over eggplant.

Scalloped Zucchini Squash.

(Serves 6)

- 1½ pounds zucchini squash
- ½ teaspoon salt
- 4 tablespoons butter or substitute
- 2 tablespoons flour
- 1½ cups milk
- 1 teaspoon minced onion
- ½ cup grated cheese
- ¾ cup soft bread crumbs

Lynn Says:

Why Eat Vegetables? Two servings of leafy and green vegetables plus one or more servings of potatoes are necessary in the diet because they contribute vitamins, minerals and roughage to the diet.

For vitamins A, B1 (thiamin), B2 or G (riboflavin) and C (ascorbic acid) and the minerals—calcium, phosphorus and iron, vegetables are good sources.

For vitamin A, calcium, phosphorus and iron, eat kale, spinach, greens and carrots.

For vitamin C, get plenty of the following: chicory, escarole, dandelion greens, lettuce, romaine, watercress, cabbage, carrots, celery, parsley, peppers, radishes, scallions, tomatoes and turnips.

Eat green leafy vegetables raw, in salad form, whenever possible, as vitamin C is easily destroyed by cooking.

LYNN CHAMBERS' MENUS

- Pot Roast of Beef
- Carrots and Green Beans
- Potato Pancakes
- Lettuce-Orange Salad
- Popovers
- Beverage
- Berries and Cream
- *Recipe given.

Wash the squash and slice it crosswise into ½ inch pieces. Cover with one cup boiling water to which ½ teaspoon salt has been added. Cook for 15 minutes. Make a sauce of 2 tablespoons butter, the flour, milk or water, stirring while it thickens. Place half the cooked squash in a casserole, sprinkle with some of the onion, half of the cheese and half the sauce. Add the remaining squash and other ingredients in same order. Top with bread crumbs to which 2 tablespoons of butter have been added and bake in a moderate (350-degree) oven for 30 minutes.

California Beets.

(Serves 6)

- 2½ cups sliced raw beets
 - 1 cup orange juice
 - 1 tablespoon butter
 - 1 teaspoon salt
 - 1 teaspoon grated orange rind
- Peel raw beets thinly and slice them into a greased casserole. Cover with remaining ingredients and bake in a moderate (350-degree) oven for about 45 minutes. Use beets when you want to add brilliant color contrast to your meals.

Look to the lowly potato for inspiration when you are having a pot roast on one of your lucky days.

*Potato Pancakes.

(Makes 12)

- 2 cups grated or ground raw potatoes
- 2 eggs, well beaten
- 1 teaspoon onion juice
- ½ teaspoon salt
- ¼ teaspoon pepper

Place grated or ground potatoes in a sieve and let drip until almost dry. Add remaining ingredients and mix well. Drop by spoonfuls into skillet which has been greased and cook over a low flame until brown on one side, then turn and brown the other side.

There are some very good ways of preparing green beans so as to make them palate teasers. You'll enjoy using these two ways:

Green or Snap Beans.

(Serves 4 to 6)

- 1 pound green or wax beans
- 2 to 4 strips bacon, diced
- ½ teaspoon salt
- ¼ teaspoon pepper
- 2 large outer lettuce leaves
- ¼ teaspoon pepper

Wash and drain the beans. Cut into narrow strips. Fry bacon in heavy skillet until crisp and add green beans and seasonings. Place lettuce leaves over the top, tucking them in at the sides to keep in the steam. Cook over a low flame until beans are just barely done. Discard lettuce, add nutmeg and serve hot.

These beans may also be cooked with small new potatoes. Sugar and vinegar may be used for seasoning in place of nutmeg.

Looking for a good way to prepare wilted lettuce? Here it is:

Wilted Lettuce.

(Serves 6)

- 1 large head of lettuce, chilled
- 1 tablespoon minced onion
- 3 slices bacon, diced
- ¼ cup vinegar
- ¼ teaspoon salt
- 1 hard-cooked egg, sliced

Separate head of lettuce and break into eating pieces. Place in a large salad bowl with onion. Fry bacon slowly until crisp, and transfer crisp bits to lettuce. Add vinegar and salt to bacon fat; bring to a boil. Pour over lettuce, toss lightly and serve garnished with egg.

Released by Western Newspaper Union.

FISHING BY RADIO

Sonar, the sound-detecting device developed in the war, is being used by fishermen to locate fish. We will now hear of "the big one that faded away."

Sardine fishermen are already using the device and hope to increase their catches greatly. Any instrument that can locate sardines should be terrific when after swordfish.

Different fish make different sounds. These will be tabulated so fishermen may know which fish is broadcasting.

We can imagine the fishing trip of tomorrow:

A couple of fellows, Joe and Gus, climb into the leaky rowboat equipped with a sonar set and pull for the fishing grounds. They heave the anchor and tune in for prospects.

"Hear anything?" asks Joe. "Yes, there are fish all around, but they are not coming through clearly," says Gus.

"Sounds like a school of blowfish," says Gus a minute later as he hears a terrific disturbance.

"Now," puts in Joe as he too tunes in. "It's just another one of those radio breakfast table chats."

"No matter where you go you can't get away from those programs," sighs Gus.

Now Joe registers excitement and fidgets with the dials.

"Ooofie . . . glub-glub . . . art . . . bozzle-wozzle . . . irk!" comes a sound from the deep.

"Codfish?" asks Gus.

"Nope. Just a congressional debate. I can't seem to tune out those land programs and get into deep water."

"Stick to congress and you'll be in deep water enough," means Gus.

"Wurf-f-f-f . . . gozz-goss . . . bwilch-h-h . . . gazink-kkk. Brrr," comes over the sonar set.

"Seabass!" says Gus.

"How can you tell?" asks Joe.

"I've got a code book." Presently some very loud noises seem to indicate a school of big fish broadcasting. But all they catch is a small eel.

"How do you explain a thing like that?" asks Joe.

"Something wrong with my batteries," says Gus.

And so on. Until at the close of day they get something fairly big. As they haul it into the boat the fish gives vent to a most annoying series of grunts and groans.

"I knew it," exclaims Gus. "It's a commercial!"

An "Eat More Potatoes" drive is on with special attention to public eating places. Well, a first step could be a little effort to solve the mystery of why so many eating places seem never to have heard that there is any other way to cook a potato except as french fries. Try to get a baked or boiled one, without influence.

Plain Talk on Idiots

No matter what you may think of his stand on other matters, Harry Truman is right about automobile drivers. The only thing that puzzles us is his candor and toughness on this point.

It must be that he thinks all the crazy auto operators are Republican anyhow.

The President says that we are not only permitting nuts, morons and crazy people to drive automobiles on the streets of America, but making it easy for them. That's an understatement.

THE UNION AT THE BAT

'Twas a balmy day in summer With a double-header planned— But to one game they had cut it On the union's late demand; Early had the ball fans gathered, But the game was slow to start Due to technical proceedings On an organizer's part.

Now the battle seemed impending— Fans sat ready to enthuse Till a further stay resulted From some unpaid union dues; Then a checkoff was demanded, And the bleachers took it hard When three pitchers were excluded As they had no union card!

CAN YOU REMEMBER—

Away back when, whatever might happen at breakfast, it would never wind up as a radio broadcast?

America is now to get bread made from potatoes. We await the fellow who will ask to have a roll french fried.

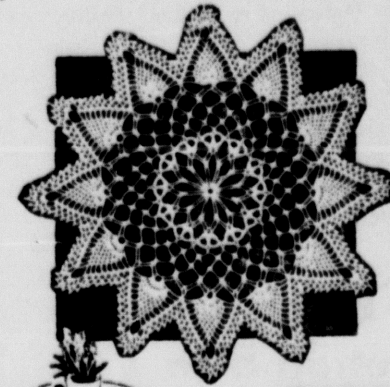

We understand that Chester Bowles hopes that whatever the critics say of his new book they will not say "there is meat in it."

NEEDLEWORK PATTERNS

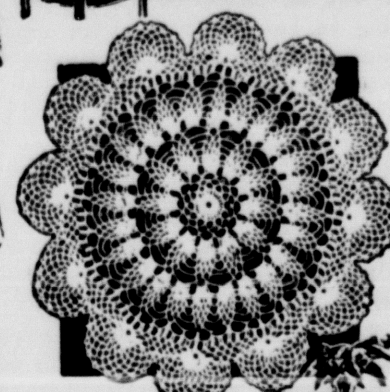

Midriff Sports Set for Tots
Pineapple Motifs to Crochet

5131

Tot's Midriff Set

LITTLE girls of three, four and five like to be cool when they're frisking around on hot summer days. Here's a gay bare midriff play set to do the trick. The buttoned top has a pretty square neck and crisp wing sleeves. Make it in seersucker, flowered percales, plain chambrays, checked ginghams.

To obtain complete cutting pattern, finishing instructions for the Midriff Play Set (Pattern No. 5131), sizes 3, 4, 5 years included, send 20 cents in coin, your name, address and pattern number.

Pineapple Dollies

ONE of the most popular of designs is the crocheted "pineapple" motif—shown on the dollies illustrated above. At top, the flower petal center makes it an unusually effective lacy piece. The completed dolly measures 10 inches in diameter. The dolly at bottom was copied from an old 11-inch dolly. A "must" for every collector of pineapple dollies.

Need for Successor in Governor's Office Rare

All states provide in their constitutions for succession in case of a vacancy in the governor's office, says Collier's. While 44 states name one, two or three public officeholders in line of succession, two states—Alabama and Washington—name as many as seven.

Yet surveys show that, on the average, a state is not likely to lose more than one out of ten governors through resignation, impeachment, disability or death.

**HAAF BALL CLUB DOWNS
G&M GROCERY TEAM 3-1**

The Hondo Army Air Field baseball club defeated the G&M Grocers Tuesday evening 3-1 in the first game of the summer softball league. Batteries were: For the field, Berch and Perez, for G&M Sadler and Owens.

The Lions were scheduled to play the Southwestern Horsemen at the air field diamond Thursday evening, but due to the Lions banquet, also set for that night, the game will be played Friday evening.

**D'Hanis Downs
Hondo 5 to 1**

Young Paul Miller pitched himself out of holes in almost every inning to gain a five to one decision over the D'Hanis Pirates Sunday at Jackson Field. The Pirates drew first blood in the initial inning when Ed Finger powered a triple to right-center field scoring Eddie Koch from first base for the only run off the young right-hander.

Meanwhile, Hondo kept pecking away at Harold Nester and took a three to one lead in the third inning. The score remained three to one until the seventh when Calvin Bendele let Tommy Finger's single with the bases loaded get through his legs for two runs.

Sunday, June 23, the D'Hanis team will meet the LaCoste team at Jackson Field at 9 o'clock.

Here In Hondo

Mr. and Mrs. Ted Bredthauer surprised Mr. John Dameron with a party on his birthday Saturday, June 15 at their home. Zennias and mari-golds, from Mrs. Frank Williams' flower garden, were the floral decorations. Keno was played during the evening. Cake and punch were served to the following guests: Mr. and Mrs. Tony Taylor, Mrs. H. Holaday, Mr. and Mrs. L. T. Moore, Mr. and Mrs. Arthur Weymand, Mr. and Mrs. Frank Williams, Mr. and Mrs. L. O. Temple of San Antonio, Mr. and Mrs. H. J. Sisco and daughters and Mr. and Mrs. John Dameron.

Mrs. Robert Koch had as her guests on Sunday, Mrs. John Holland, her sister of Victoria; her brother, Jim Pichot of San Antonio; her sisters and their husbands, Mr. and Mrs. Earl Fiscus of San Antonio and Mr. and Mrs. Ed. Koch, of D'Hanis.

Mr. and Mrs. Richard Reily took their daughter, Ann, to Paradise Ridge Camp near Bandera, on Sunday.

Mrs. Lillian Danie visited her son, Kenneth, last week in San Antonio.

Miss Thelma Lynch, member of the Hondo School Faculty, is taking graduate work at St. Mary's University, San Antonio, this summer.

Mr. and Mrs. E. J. Conrad of Castroville, and Mr. and Mrs. W. J. Brown and two children of San Antonio were Father's Day guests of Mr. and Mrs. Will Ney.

Mrs. W. J. Nester and Alma Nester of Hondo, and Mrs. Otto Sittre from Dunlay are planning to go to Fort Worth on Monday, June 24th. Miss Jean Nester, who is in her sophomore year at T. C. U. will return home with them for a vacation.

Miss Betty Sanders of Pearsall, daughter of Mr. and Mrs. Fred Sanders, is visiting in Hondo with her grandparents, Mr. and Mrs. C. M. Merritt.

JO ED WINFREE

Two Dunlay Brothers Promoted In Navy

James D. Schweers, 18, youngest son of Mr. and Mrs. J. D. Schweers of Dunlay was promoted to Seaman 1-c (S.K.D.) on June 1. He enlisted in the U. S. Navy in August 1945 and entered the service in October of that year. He is aboard the U. S. S. Point Cruz.

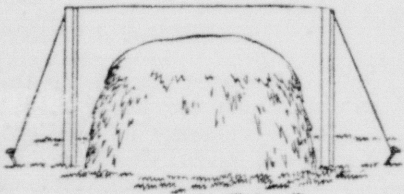

His brother, Clovis J. Schweers, 22, A. M. M. 1-c of Virginia, served three years in the navy and re-enlisted in January, 1946. He was promoted to his present rank in May.

Both boys spent 30 day leaves at home in January and February.

HAD USE FOR IT, OF COURSE**Haystack Protection**

SO MANY fires result from man's own carelessness that the farmer should at least protect himself against the spectacular weapon of nature which destroys more of his property than anything else—lightning.

Lightning wipes out from \$20,000,000 to \$30,000,000 in farm property annually, kills about 500 persons and injures many others. The farm home and every farm

structure, haystack and fence should be equipped with properly installed lightning rods. Lightning strikes without warning and it takes the path of least resistance to the ground.

A simple lightning shield for a haystack can be made on the farm by stretching a wire cable across two uprights at either end of the stack. The cable is then fastened at either end to metal stakes driven three feet into moist ground.

His Fiancee—Why are you carrying that little whisk broom around with you, Jack?
Jack—You haven't stopped using powder and paint, have you?

New Fountain

Those spending Father's Day in the home of Mr. and Mrs. Jack Sharp were: Mr. and Mrs. D. W. Wofford, Mr. and Mrs. A. Y. Wofford of Runge; Mr. and Mrs. L. A. Wofford and sons of Corpus Christi; Mr. and Mrs. H. P. Wofford and grandson of Kenedy; Mr. and Mrs. P. S. Lyons and daughter of Runge.

Mrs. Jack Sharp was in San Antonio Monday with her father, D. W. Wofford, who is being treated there for a slight infection of an ear.

**NEW FOUNTAIN PARENT-
TEACHERS ASSOCIATION
MEETS**

New Fountain P.T. A. met in regular session June 13. The success of the "Play" and "Keno Party" was discussed. It was decided to contribute \$50.00 to the Robert Green Polio Ward of San Antonio. Another \$50.00 was donated by different members of the organization.

After the business meeting games were played and refreshments served.

SAFE DRIVING POINTERS

HAND BRAKE. It's a good habit always to make sure the hand brake is fully released before starting the car in motion. One way to avoid driving with the hand brake partially on is to pull it all the way back when setting it. Then you won't be able to start your car in motion until it has been released.

**Lemon Juice Recipe Checks
Rheumatic Pain Quickly**

If you suffer from rheumatic, arthritis or neuritis pain, try this simple inexpensive home recipe that thousands are using. Get a package of Ru-Ex Compound, a 2 weeks' supply today. Mix it with a quart of water, add the juice of 4 lemons. It's easy, pleasant and no trouble at all. You need only 3 tablespoonfuls two times a day. Often within 48 hours — sometimes overnight — splendid results are obtained. If the pains do not quickly leave and if you do not feel better, Ru-Ex will cost you nothing to try as it is sold by your druggist under an absolute money-back guarantee. Ru-Ex Compound is for sale and recommended by

NOTICE TO CONTRACTORS

Pursuant to an order passed by the Commissioners Court of Medina County, Texas, on June 8th, A. D. 1946, said Court will, on June 29th A. D. 1946, at 2:00 p. m., at the office of said Court of Medina County, in the Court House of said County, at Hondo, Texas, receive sealed bids to be publicly opened and read for roadway borrow, structural excavation, Class A concrete, reshaping, cleaning ditches, adding additional base material and the setting up of base material on approximately 155 miles of road and streets in Medina County, Texas. The total mileage referred to includes base work being done by Medina County forces, which operation will continue and be deducted from the total quantities.

Base material (caliche and gravel) meeting Texas State Highway Department Specifications, Items 211 and 213, Roadway Borrow Item 102, Concrete Structures Item 402, which items will govern as to this contract and to which items reference is hence made.

Each bid must include a certified, or Cashiers Check in the amount of Five Per Cent (5%) of the amount of bid as a guarantee of performance, made unconditionally payable to the order of Arthur H. Rothe, County Judge, Medina County, which check attached to the successful bid will be cashed as full and complete liquidated damages due Medina County, in the event the successful bidder fails or refuses to carry out the terms and conditions of contract.

Checks of unsuccessful bidders will be returned.

All bids to be submitted as called for in proposal.

The Commissioners Court of Medina County reserves the right to reject any and all bids or any part

NEWS BEHIND THE NEWS

By PAUL MALLON

Released by Western Newspaper Union.

UNIONS' INTERMEDIATE USE OF POWER WILL BRING REACTION

WASHINGTON.—The unions have accumulated power in the last 14 years which has led them beyond normal considerations of simple common human justice and created in them a state of mind in which no rights can exist except what they want.

Human beings simply cannot handle power. The weakness is common to all. Power corrupts as it accumulates in the best and worst hands. It weakens the normal sense of justice, all the common human senses of fairness, and eventually power destroys itself. It has suicidal qualities which seem utterly irresistible to human beings, like the insidious radioactive elements in atomic energy.

This can be seen anywhere in history, new or old. The latest best example was Hitler, in world politics. He certainly destroyed himself by taking in too much territory, by expanding his power until it became a final frenzy of attack upon the world.

WANT TAXING POWER.

By the same processes in which business bloated itself to self-destruction of its great power in the decade before Franklin Roosevelt, the unrestrained unions have come now to the point of asserting a right to tax the people (Lewis in coal), to spend as much of their untaxed accumulations of wealth as \$47,000,000 to defeat Truman and \$2,500,000 to defeat congress (Whitney threat), to completely deaden the life of the nation by stoppages of the essentials of life such as food, fuel, electricity, transportation, telephones (strikes since V-J Day), to rule congress, the President, the nation.

This cannot be, and it will not be. If Mr. Truman and congress cannot stop it, the excesses of the unions will soon now lead inevitably to their self-destruction in one way or another. An absolute immunity from all law and common justice cannot long exist for any group of citizens. There cannot be immunity from crimes of racketeering, campaign contributions, etc., exemption from taxation, immunity from suit, injunction or responsibility for contracts for a minority of organized groups, one group or all groups.

The Supreme court cannot long continue to hand down decisions granting immunity from all law to a minority of the people. This destroys common justice, therefore all justice. The politicians will not forever live in fear and confusion of the powers they have given away to an organized group, because they will soon have no government or power. Indeed, Mr. Truman and the congress are trying already to get some back. The zenith of union influence has constantly been declining as their excesses grew in the past six months.

The solution is quite simple. Restore through authority a sense of common justice, equal justice. Do this by asserting simple truths and natural common rights. There is no excuse for abandoning democracy to do this because it is the right of the majority which is being imposed upon by a minority. Democracy merely needs to assert itself and function, not grasp for dictatorship.

RESPONSIBILITY TO NATION.

The stressing of a few Christian principles would not hurt. Let the unions realize their responsibility for public service, as business has been required to realize them by law. Stress the rights of an individual to his responsibilities to his fellow men, the rights of the other fellow, the rights of the nation to work and growth. There can be no right above common rights, no superior group right to destroy or capture the people or nation, or to make them suffer, starve or die, or any superior right to deny them the right to work and live in peace.

Everyone really knows what is fair when brought to his senses. It is an abnormal state of group mind with which we are dealing, a state grown feverish with power and exalted to excesses. Some laws need changing in common fairness, by courts and congress. But these changes will not do the job unless someone gets this nation back to accepting principles of common justice.

If the unions spend all their millions and buy the election, they will soon lose the country by winning their annual demands for ever more increased pay and privileges costly to economics, forcing prices too high for the average person to buy and live. Then will come dictatorship, not because anyone wants it, but because it would be a necessity, to meet the will of the people to continue to live.

It has happened over and over again—in Europe, in South America, in Asia. It can happen here.

PUBLIC'S SPENDABLE INCOME DOUBLED

Personal Mail Exerts Big Influence on Congressman

By BAUKHAGE

News Analyst and Commentator.

WNU Service, 1616 Eye Street, N.W., Washington, D. C.

There is a great mail mystery in Washington which public reaction sleuths are trying to solve. Recent reactions of congress presents a paradox. In fact, a pair of paradoxes.

Gradually, one by one, like a maiden plucking daisy petals to learn her fate and fortune, congress has been stripping the poor office of price administration of its powers, until said agency has little more control over prices than man over a skidding car on an icy pavement.

And yet, according to recent polls, 82 per cent of the public is in favor of "holding the line." The March survey by that reliable poller, NORC (National Opinion Research Center of Denver university) among other similar groups, points this out. When the house virtually stripped OPA of its powers late in April, letters poured in supporting the agency, since then its head, Paul Porter, using the publicity machine built up by his predecessor, Stabilization Director Bowles, has omitted no word or act to keep his side of the arguments against ceiling-smashing before the consumer. Although congress is not now being needed as heavily as it was at the peak of the house debate, plenty of people are still asking for OPA continuation.

At the same time, of course, anti-control forces are keeping up their pressure, both through lobbyists of the interested groups, and through the paid advertising of the National Manufacturers' association, and other industrial organizations.

But as far as any one can gauge, the people themselves still want price control. Nevertheless, congress has managed to whittle it down, and many observers, at this writing, consider it as among the dead already.

Up until the unions threatened to tie up the railroads and ignored government orders, there was no chance to get any labor-control measure through congress. But the people wanted something, and when the President offered it, he received a response in the way of letters and

telegrams such as the White House has not known in the memory of its present staff, some of whom have served there since the days of Woodrow Wilson.

A lot of letters I receive indicate that a great many people think congress pays no attention to the voter. This is laughably inaccurate. The voice of the voter is the one thing a congressman obeys. In spite of this fact, 51 per cent of the people, if our old friend, NORC, is right, as it has proved to be on many occasions, believe that congress depends more on its own judgment than on public opinion.

Of course, the reason for this impression is that the organized voters, the ones which some organization controls, form the congressman's judgment because they are the most vocal. They make themselves heard in person, through their membership, and the people whom they influence.

In the two recent questions I have mentioned: labor control and price control, you have two powerful lobbies at work — the unions and the industrial organizations, but pulling in opposite directions.

I am not saying that either is right or wrong in the views they express and the causes they advocate. I am saying that they are active and powerful. And also that they naturally promulgate ideas in their own interest. If these interests happen to be the public's, as well, fine. If not, . . .

Most of the congressional secretaries I know well enough to talk with frankly support this view. Except, of course, when some strange political deal is involved, whereby the congressman feels it safer to displease some of his constituency because of its indifference, than to disregard the pressure brought upon him by other forces in or out of congress.

This particular inquiry by the Quarterly showed legislators rated the various influences on them, as follows:

(1) personal mail; (2) visits TO the public; (3) newspapers; (4) visits FROM the public; and (5) public opinion polls.

The bearing which these figures have on the importance of writing your congressman, in my opinion, is this: they show that mail IS important, and that when letters at one end of the spectrum of importance jibe with the poll (at the other end), it certainly puts a burr under the legislator's vote.

People Are Buying More

Recently, I said over the air that America was eating better, and eating more than it had ever eaten before. Immediately I received a squall of stormy letters, vehemently denying my statement.

All of the writers regaled me with the same tale which my wife brings home each day — that the grocer's and the butcher's shelves are almost bare.

Nevertheless, America is eating better and more food. Americans who ate a yearly average of 127 pounds of meat before the war are now gobbling it at the rate of 150 pounds apiece. This statement is from Fortune magazine, a periodical not noted for making false statements.

You and I cannot get everything we want, but we aren't all of America by a long way. You and I have always had meat virtually every day in the week.

But millions of people in this country never had meat more than once or twice a week. These millions of people have more money today than they have ever had, but you, if you are one of the people who wrote me, probably never were conscious of that fact.

The little graph shows the facts. These figures on which it is based are compiled by the department of commerce, and the most anti-administration banker you know won't doubt them.

They show, as you see, that in 1939, the public's spendable income was 68 billion dollars. The estimate for 1946 is 139 billion.

Now your common sense will tell you that the people who ate meat every day didn't get all of that 71 billion dollar increase in their spending money. The low-income groups got a large part of it. In other words, America (as a whole) is eating more meat (and other things) than it ever did before, and because so many MORE people are eating so much MORE meat, there isn't as much left for the people who ate all they wanted before.

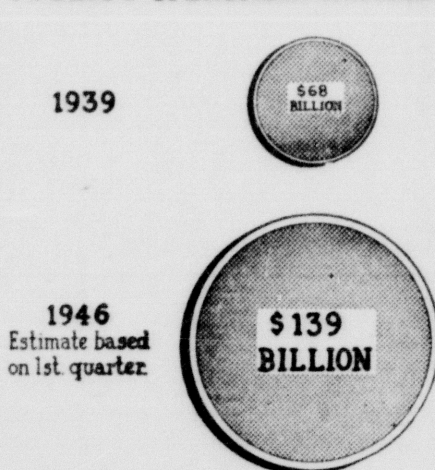

The discussion of how much America is eating arose in connection with the question as to our ability to help feed starving Europe and Asia. Some people believed that because they couldn't buy as many things at the store as they were accustomed to buying, America didn't have enough to spare.

But the people (you and I) who

can't get all of what we want are in no danger of starving. We can get things we may not like, but which will be just as good for us. And also, we can be assured that the people, who, in America's past, have been near the danger lines, are getting a lot more than they ever had before. And they weren't starving then, either.

So don't think that we haven't enough to spare for the invisible guest.

PUBLIC'S SPENDABLE INCOME

Figures from Department of Commerce.

NEW USES FOUND

Demand for Potatoes Is Heavy

WASHINGTON.—With new uses for potatoes being found, along with a heavier consumer demand, is keeping the government out of the market for support purposes to a greater degree than department of agriculture officials expected, in view of the unprecedented potato shipments this spring.

One of the reasons for increased demand is the entry of the distilling industry into the buying field. Distillers are buying potatoes from the growers at prices above government support prices in order to convert into alcohol.

Potatoes were successfully used for livestock feeding in 1937, 1939, 1940 and 1941, officials pointed out, and in view of the feed shortage, may go into this channel. When processed into flour, potatoes also make an excellent poultry feed.

Laid waste by war, area in front of battered reichstag building in Berlin is converted by Germans into vegetable gardens to help replenish barren larders.

NEWS REVIEW

Rats Cost Half-Billion a Year But New 'Rat Killers' Found; 1946 Crops Depend on Weather

NO. 1 ENEMY: Rats Increase

The rat population of the United States shot up during the war, due to a shortage of chemicals for rodenticides, and we now have over 25 million rats. They do an annual damage of 500 million dollars to food and property, exclusive of sickness and death caused by disease they spread.

Government officials estimate that from 12½ to 15 billion pounds of grain a year are consumed or destroyed by rats on farms. Each rat eats about 100 pounds a year, and spoils at least another hundred.

Scientists of the interior department are making use of two potent rodenticides developed during the war. One is "1080," or sodium fluoroacetate, said to be the most effective rat poison known. The other is "antnu," an abbreviation for alphanaphthylthiourea.

WEATHER: Rains and Drouth

The government weather report shows that recent rains in the Middle West have benefited small grains, but that more sunshine and warmth was needed for best growth and development.

Crop estimates are up. One expert predicts winter wheat production this year, as of June 1, at 751 million bushels, or 8 million bushels more than the government estimated last month. Spring wheat was estimated at 268 million bushels, slightly less than the 300 million bushels in 1945.

In many places in the Mississippi valley, wet weather slowed all farm work and especially corn planting. The extremely wet spots were rare, however, and in many places rains were needed.

WAR BABIES: May Curb Influx

The bringing of very young babies of war brides from Europe to the United States may be halted, if a recommendation of a special army board which investigated a recent outbreak of diarrhea on the transport Zebulon Vance when 30 babies were stricken and eight died.

The army may halt transportation from Europe of all babies under one year of age. More thorough physical examinations have been requested for war brides and their children at European staging areas before departing for this country. The war mothers themselves are somewhat to blame, it is reported, because of laxity of sanitary habits which might have contributed to the epidemic.

CANNED MEAT: 60% Set Aside

A new government order provides that federally inspected slaughterers may not produce canned meat for civilian consumption unless they deliver to government agencies 60 per cent of each week's total output. The order is designed to provide more canned meat for foreign relief shipments.

GRAINS: Bet on Prices

In Chicago, those who buck the board of trade are betting that the OPA extension bill will eliminate basic commodity farm prices from control. Bidding is constantly higher on wheat, oats and rye and are going higher.

The Kansas City board of trade from time to time has prohibited all grain futures trading on the exchange except in settlement of open commitments. Purpose of the action, the directors said, was to protect traders against losses caused by the increased ceiling prices established by the federal government.

CUBAN SUGAR: Price Pledge Given

If prices of U. S. foodstuffs imported into Cuba go up next year, the U. S. government has given that country assurance of a higher price for Cuban sugar in this country, says Oscar Siegle, president of the Cuban sugar commission.

The basic price agreed on for this year's sugar crop will continue to be 3.675 cents a pound, Siegle said. Any increase in American foodstuff prices, because of changes in the OPA, would be reflected "perforce, on the price of sugar," Siegle reported after a trip from Havana to Washington.

TO TOKYO: New ATC Airline

The American fliers who spanned the oceans and flew the "hump" have inaugurated a new airline to Tokyo over the "top of the world," saving more than 18 hours of flying time each way. They are the pilots of the Air Transport command.

In announcing the new route for passenger and cargo planes, the ATC stated the trip will take 26 hours' flying time.

The new line will follow a one-stop route from Seattle to Tokyo by way of Adak in the Aleutian islands.

QUIT DOSING CONSTIPATION!

Millions Eat
KELLOGG'S ALL-BRAN
for Lasting Relief

Harsh laxatives got you feeling down? If yours is the common type of constipation, caused by lack of sufficient bulk in the diet, follow this pleasant way to lasting regularity.

Just eat a serving of crisp, delicious KELLOGG'S ALL-BRAN every day and drink plenty of water! Do this regularly—and if your trouble is due to lack of bulk—you may never have to take another laxative the rest of your life! ALL-BRAN is not a purgative—not a medicine. It's a wholesome, natural laxative food, and—

KELLOGG'S ALL-BRAN is Richer in Nutrition than whole wheat

Because it's made from the vital outer layers of wheat, in which whole-wheat protective food elements are concentrated. One ounce of ALL-BRAN provides more than ½ your daily iron need—to help make good, red blood. Calcium and phosphorus—to help build bones and teeth. Vitamins—to help guard against deficiencies. Protein—to help build body tissue essential for growth. Eat ALL-BRAN every day! Made by Kellogg's of Battle Creek and Omaha.

Kidneys Must Work Well—
For You To Feel Well

24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood. If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly.

DOAN'S PILLS

USO WILL CONTINUE THROUGH 1947

Demobilization Set for 31st December, 1947

WNU Features.

THE USO will continue through 1946 and until the last day in 1947, when it will complete its wartime, demobilization and reconversion services December 31, 1947.

Official announcement that USO will conduct its own fund-raising campaign next September and October with a goal to cover minimum service requirements through 1947 was made by President Lindsley F. Kimball at USO New York headquarters.

USO came into being on February 4, 1941, when six member agencies joined hands to create one organization to care for the needs of the men and women of the armed forces. So far the American public has contributed 200 million dollars to the organization.

Still Needed, Says Ike.

In a message to President Kimball, Gen. Dwight D. Eisenhower stated: "May I earnestly count on your organization and your host of volunteers to stay with us through the dangerous and difficult period of transition to final peace?"

"We still have a pressing need for the services of USO and will be deeply grateful for your continued help in the future as in the past."

Fleet Adm. Chester W. Nimitz, chief of naval operations, also sent a message of congratulation.

For Wounded Veterans.

The need for raising a terminal fund in the fall of 1946 is due to the fact that the National War fund will finance USO only through 1946. Tentative, purely tentative, plans for 1947 call for the operation of some 350 to 400 USO clubs in the continental United States, largely in connection with hospitalized but convalescent veterans. Operation of station lounges for troops-in-transit, men on leave, and families of service people must continue. Overseas clubs will carry on in Alaska, Canal zone, Hawaii, Philippines, etc. Camp shows will still be seen and heard in 1947 by men in hospitals and men overseas.

Coincident with the announcement of the USO fall campaign, President Kimball made public his annual report, in which he says:

"USO finds that at its peak of activity, it was serving 1,000,000 people a day in one capacity or another, running up to more than 1,100,000,000 the total served since the organization was created.

3,035 Units at Peak.

"The number of operations, such as clubs, lounges and similar activities, reached a high point back in March of 1944, a total of 3,035. As training camps closed and the men went overseas this number declined but the over-all volume of work increased.

"The five-year peak of activity and cost came after peace in Europe and before the surrender of Japan. Redeployment of troops reopened many camps, doubled or vastly increased loads of various seaport cities. . . . Expenditures climbed to \$5,800,000 a month."

New Postwar Problems.

Referring to the future of USO, Mr. Kimball says in his report: "The successful conclusion of the war does not, cannot, and will not return the United States to its pre-war status. . . . It is clear even now that our armed forces in the postwar period must be numbered in the millions.

"USO will complete its wartime, demobilization and reconversion services December 31, 1947."

AT CHOW . . . Franklin P. Adams, John Kieran and Clifton Fadiman of "Information Please," went G.I. and washed their own mess kits while on a USO-Camp Shows tour overseas.

And high hope.
For we are the builders of homes,
Homes for America's future.
Homes where living will be the expression of everything
That is good and fair.

WRITTEN by pupil delegates at a meeting of the national executive council of the Future Homemakers of America in Chicago in the summer of 1945, the foregoing creed dramatizes the broad objectives of a booming high school home economics club already numbering over 200,000 members in 45 states and Hawaii and Puerto Rico.

High school home economics clubs are not a new idea but the Future Homemakers movement represents

limited possibilities offered for learning and teaching.

Designed to stimulate interest in home economics and integrate high school activities with organization work, the Future Homemakers movement evolved from plans drawn by the American home economics association and the home economics service of the U. S. office of education in 1944. Within a few months, it was accepted by the state departments of education and vocational education and the state home economics associations of a majority of states, including Puerto Rico, Hawaii and the District of Columbia.

'Toward New Horizons.'

When the pupil delegates of the Future Homemakers met in Chicago last summer they were fully prepared for formal organization of their club. Besides writing their creed and constitution, they developed policies and procedures, drew a work program for the year, decided upon red and white for their colors, the red rose for their flower, and an octagonal emblem. Fittingly, they chose "Toward New Horizons" for their motto.

National in scope, the Future Homemakers are broken down into regional districts, with state and local chapters.

Presently, Myrtle Hilton of Tiptonville, Tenn., is president; Anita Lehman of Baton Rouge, La., is vice president; Emma Jo Lewis of De Land, Fla., is recreation chairman; Joan Du Plessis of Swampscott, Mass., is secretary; Barbara Ann Boggs of Sutton, W. Va., is vice president and Marie Bresnan of East Haven, Conn., is national project chairman.

Other officers include Irene Trout of Milwaukee, Ore., treasurer; Barbara Parker of Carson City, Nev., vice president; Margaret Worlton of Lehi, Utah, public relations; Phyllis Marshall of Vermont, Ill., parliamentary; Deania Burnworth of Independence, Kans., vice president, and Lois K. Mueller of Seymour, Wis., historian.

Wide Latitude Allowed.

While the pupil members of the Future Homemakers are permitted the widest latitude in the formulation and development of their programs, they are assisted by experienced advisers, including Edna Amidon, chief of the home economics service of the U. S. office of education; Mrs. Dora S. Lewis of the executive board of the American Homemakers association; Emily Haydock of the National Education association, and Dr. Hazel Frost.

Successful in developing a home economics club in Oklahoma several years ago, Dr. Frost, as national adviser of the Future Homemakers, has been largely credited with the phenomenal growth of the new movement. In assuming her position with the Future Homemakers in 1944, Dr. Frost applied the same principles she employed in Oklahoma in making the new organization a close working partner of home economics classes.

Though mostly composed of girls, the Future Homemakers also admit boys to membership.

At the height of activities 700 USO shows were given daily overseas and in the United States, by more than 4,900 entertainers.

June, 1943, was the numerical peak of volunteers — 739,000 of them working that month.

They worked a total of 165 million hours in the five years.

American public has given 200 million dollars to service 14 million men and women in armed forces.

DOES a winning horse make a star trainer, or does the trainer make the winning horse? Does a winning baseball team make the leading manager, or does the manager make the winning baseball team? Does a winning football team make the winning coach, or does the coach make the winning football team?

Connie Mack

This ancient argument keeps popping up from time to time, but the answer is as simple as adding two and three. The material nearly always is about 80 per cent of it—often more than that. As a result coaches, trainers and managers are given far too much credit for winning results, and have to shoulder far too much blame for failures they couldn't help. They have important work to handle and their superior skill is needed at times to beat an opponent just a bit better—but they can't close the gap between class and mediocrity.

In something more than 40 seasons Connie Mack has won nine pennants. He also has had as many or more tail enders. Frank Chance won four pennants in five years with the old Cubs, but Chance couldn't get the Yankees, or Highlanders as they were known then, within V-rocket range of the first division.

The same thing applies to football coaches who are bedecked with laurel and olive when they have a big, hard-charging line and fast-moving backs but who are panned to a pulp when they can't win with a poor line and slow-moving ball carriers. Football coaches, realizing this, with the help of willing alumni have outclassed all other fields in locating promising talent and bringing the same to the campus they must guard—especially when they have enough money with which to work and the scholastic requirements are softened up. No one can blame the coaches for this action, the same being for self-protection.

As far as material vs. management goes, what manager could lift the Athletics or the Phillies out of last place? In your summary you can include Stalin, Truman and John L. Lewis. The winning answer is the material.

Best College Outfit

In the midst of the tumult and the shouting from baseball, racing, boxing and golf, there is a clear note from college sports that sings its own song. This note comes from Oklahoma A. and M. to this effect: Dear Mr. Rice:

Please allow me to introduce myself. My name is Weldon B. Boyles of Oklahoma City. I am attending Oklahoma A. & M. for the first time under the G.I. Bill.

When I first enrolled, in January of this year, I realized that Oklahoma A. & M. was turning out a basketball team of national importance and, in view of the fact that A. & M. had a national ranking football team last fall, I began to wonder if the Aggies were not setting a new American mark in that: (1) No school, two years in a row, ever ranked so high in both of our major sports (basketball, football); (2) No school has ever accomplished the feat of winning THREE top sports in ONE school year.

Here is part of what the Aggies have done so far:

1. FOOTBALL. The Aggies ranked 11th in 1944, plus a Cotton Bowl win.

2. BASKETBALL. The Ags placed 1st in 1944, beating DePaul.

But look what they've done this school year of 1945-1946:

1. FOOTBALL—They ranked 2nd (tied with Alabama) and won the Sugar Bowl game.

2. BASKETBALL — They ranked 1st. Kentucky did not meet them because I don't think Adolph Rupp cared to take the chance.

3. Wrestling—they won 1st place in the NCAA tournament, beating Iowa Teachers.

Is it possible, when you compare the Aggies against some of the other schools, that you might print some of the findings in your daily column? There probably are many sports lovers in our land who would enjoy the reading of such information, although you would be laying yourself wide open to a blast of controversy from many loyal alumni of other schools.

Weldon B. Boyles.

We have no set of vital statistics at hand to clear up this point, but for the moment we can't recall another college outfit with a better all-around record against the competition of present years.

Career of Jake Jones

The new White Sox first baseman, Jake Jones, stands 6 feet 3 inches and comes from Monroe, La. He left college to play in the Texas league and in 1941 was called to the White Sox—but the arrival of war ended Jones' career as a ballplayer when he enlisted in naval aviation. Here is what one of the flying mates says:

"A great guy and one of the best fliers I ever saw," he said. "Jake was on the Fighting Lady, one of the fightingest carriers in the war.

SEWING CIRCLE PATTERNS

Slimming, Graceful Two Piecer Tot's Play Dress for Sunny Days

Gay Little Play Dress

YOUR little angel will adore this easy-to-make play dress—all she needs to wear for sunshiny days. The ruffle-trimmed skirt and pantie is cut all in one piece, wraps around and ties in front. Try it in a dainty pink and white or blue and white checked fabric, or gay all-over prints.

Pattern No. 8991 comes in sizes 1, 2, 3, 4, 5 and 6 years. Size 2 requires 2 1/4 yards of 35 or 39-inch; 3 yards machine made ruffling.

Due to an unusually large demand and current conditions, slightly more time is required in filling orders for a few of the most popular pattern numbers.

Send your order to:

Graceful Two-Piecer

A SIMPLE, unpretentious two-piece frock for the slightly larger woman. Waistline darts insure a neat fit, shoulder shirring gives a soft feminine touch. The pannelled skirt is graceful and slenderizing. Dress it up with a flower bouquet or frilly jabots or dickeres.

Pattern No. 8003 is for sizes 36, 38, 40, 42, 44, 46, 48, 50 and 52. Size 38, short sleeves, 4 1/2 yards of 35-inch fabric.

'Punch Drunk' Victims Unaware of Affliction

A peculiarity of "punch-drunk-ness," an incurable occupational disease of pugilists, is that its victims rarely know they are suffering from it, says Collier's. The condition produces deterioration in mental and physical ability, and its symptoms are inattention, a glassy expression and a dragging gait.

It results not from one or a dozen serious head blows, but from the cumulative effect of hundreds, and manifests itself in about 75 per cent of boxers after they have fought from 60 to 100 bouts.

Highlights of USO Five-Year Record

A brief summary of USO's accomplishments during its first five years of service to men and women in uniform all over the world include the following highlights:

At peak, USO was serving one million men a day.

During the five years (February 4, 1941 to February 4, 1945) total of 1,100,000,000 served.

At peak there were 30,035 USO operations.

Peak expenditures were \$5,800,000 a month.

Peak overseas units totalled 178.

Overseas club attendance (1942 to 1945) was 104,819,151.

During the half-decade, mobile services of all sorts totalled 50 million.

Nineteen and one-half million individual services performed by 131 USO-Travelers Aid units.

THOSE WHO SERVED . . . The USO continues to aid wounded veterans. Above is Junior Hostess Lucille Massa playing checkers with a wounded vet at a Battle Creek, Mich., club outside Percy Jones army general hospital.
